THE INDOOR ENVIRONMENT SPECIALISTS  
(416) 825-1893

One of the biggest noticeable expenses home owners and business owners calculate from year to year is the cost of heating and cooling their home or commercial building. As with most investments, the savings or "reward" comes after a substantial period of time. The installation of a new Lennox high efficiency furnace, or conversion to a less expensive fuel source like natural gas (which is also clean burning) by APPLEBY-SMITH LTD. are investments that can provide evident savings in the very first year. An economical way of ensuring that you'll always be in hot water is to utilize a no-maintenance natural gas rental water heater which will heat water much faster than electrical heaters and for a low monthly fee.

APPLEBY-SMITH LTD. specializes in the sale and installation of highly efficient furnaces and central air conditioning systems by LENNOX, electronic air cleaners, power humidifiers, heat exchangers and related goods. They are an authorized Union Gas dealer, and offer repairs, 24 hour emergency service, and maintenance.

This company formed in 1981 with the merger of Burlington's APPLEBY HEATING AND AIR CONDITIONING CO. LTD. (established since the mid-1970's) and G.E. GERRY-SMITH LTD. of Oakville (established since 1967). Today, the firm is guided by president BILL WOOD along with general manager PHIL TOWNSEND, and employs only qualified technicians to ensure satisfactory work with each job completed.

If you're fed up with rising fuel costs or are in need of maintenance and repair of your present systems, contact the people at APPLEBY-SMITH LTD.

**HALTON CREDIT UNION**

PROUDLY SERVING ITS MEMBERS SINCE 1957  
44 MAIN ST. E., Milton (416) 878-4168  
(also in Oakville, Burlington, Acton, and Georgetown)

We feel that the secret behind the success of credit unions such as HALTON COMMUNITY CREDIT UNION LTD. is due to their local control. Rather than decision-making at a head office level, a credit union can handle your needs locally; ultimately it means you are serviced faster and usually on a more personalized basis. Local control also means that you, as a shareholding member, have a say in how it should be operated. Your vote counts; that's something that other institutions with giant shareholders can't offer you. The lowest possible interest rates, service charges and such are determined by what each individual credit union decides it can manage.

Services at the HALTON COMMUNITY CREDIT UNION LTD. include daily interest chequing accounts, daily interest savings, minimum monthly savings, mortgage and personal loans, R.R.S.P.'s, short or long term deposits, safety deposit boxes, traveller's cheques, pay-roll deductions and money orders, as well as interbranch banking, Mastercard credit cards, and access to all for automatic banking machines working within the Interac® network. They are also members of the Ontario Share and Deposit Insurance Corporation.

This progressive firm has a history dating back to 1957 and is locally guided by manager EARL DOLMAGE. Credit unions are a growing phenomenon and when dealing with HALTON COMMUNITY CREDIT UNION LTD. you will see how they provide a competitive edge in the financial industry.

**MILTON TRANSMISSION SHOP LTD.**

HIGHLY FAVOURED THROUGH REPUTATION  
85 STEELES AVE. E., Milton (416) 878-8156  
(Units 4 & 5)

Most automatic transmission troubles are caused by neglect. Many people remember to change the oil, get a tune-up and have the brakes checked, but very few even think about the transmission, until it's too late.

No transmission manufactured can go on year after year without some attention and not sooner or later need major repairs. The simplest way to prolong transmission life is to have regular check-ups and maintenance at MILTON TRANSMISSION SHOP LTD. By changing the fluid and filter, it will save excessive wear and is a preventative maintenance program designed to save you money.

MILTON TRANSMISSION SHOP LTD. originally opened in November of 1976 at Main St. E., and has been operating at its present location since December of 1987. This firm is owned and operated by HARRY MANOVICH who has 22 years of experience at transmission work.

It takes many years of training, updating and experience to become a real expert in transmission work. It also requires specialized equipment to properly repair or even service transmissions. MILTON TRANSMISSION SHOP LTD. is a C.A.A. approved specialty firm handling most transmissions; standard or automatic, front or four wheel drive vehicles, as well as the repairing of differentials, clutches and drive lines. A free towing service is available (within 5 miles and with major repairs), and this company offers a written guarantee on all work.

MILTON TRANSMISSION SHOP LTD. has the staff who are knowledgeable about today's innovative transmission technology and are there to service your vehicle efficiently and at a fair price.

**PRESTO POOL PRODUCTS**

**BioGuard Pool & Spa Chemicals**

"MILTON'S FRIENDLY & HELPFUL POOL PLACE"  
305-B STEELES AVE. E., Milton (416) 876-2211  
(just East of Martin St.)

In recent years, the cost of a single family home has increased rapidly in proportion to average family incomes. Due to average higher mortgage rates, many homeowners are moving less frequently and investing more in home improvements and recreation items. A new in-ground or above ground swimming pool with eye appealing deck work or a whirlpool spa are investments that can increase the value of a home, provided that they are well maintained.

Many companies can sell swimming pools, but none of them are concerned with providing the services and supplies needed to keep your investment in the peak of condition. A specialist like PRESTO POOL PRODUCTS also concentrates their efforts on the support required to maintain, clean, repair, and seasonally open or close your pool.

Originally established 13 years ago, PRESTO POOL PRODUCTS is now guided by PERCY and LESLEY SHERMAN who took over the business in 1984.

This business is open all year round, and sells above ground pools, hot tubs, spas and saunas, and related supplies. When dealing with PRESTO POOL PRODUCTS you can find virtually everything you should need in the way of pool accessories and supplies including filters, pumps, maintenance equipment, Jacuzzi and Hayward products, and BioGuard specialty chemicals at competitive prices. This business stocks some repair parts for pumps & filters, does liner replacement & repairs; concrete pool repairs, and provides computerized water analysis.

If you own a pool or spa or are about to purchase one, make sure that PRESTO POOL PRODUCTS receives your fullest consideration.

**J. Scott Early Funeral Home**

FOR "PERSONAL AND CARING SERVICE"  
21 JAMES ST., Milton (416) 878-2669  
(at Mill St.)

There are many uncertainties in life, except for one...death. Some think it morbid to discuss such a topic, but a more realistic and thoughtful view is to discuss it now. By looking into funeral arrangements now, you can outline practical requests for a service. More importantly, however, you should perhaps reflect upon your responsibility to your family. A pre-arranged funeral safeguards your family against the burden that would be present with an at-need arrangement.

The first true funeral home in Ontario opened its doors in the year 1820. They have evolved dramatically from providing only simple burials to homes that have established the highest standards of service and finest facilities deserved of such a final tribute.

J. SCOTT EARLY FUNERAL HOME has been operating as a most respected firm in Milton since April 24th of 1987. Tasteful facilities accompanied by courteous service and close attention to detail by owner/licensed director SCOTT EARLY and his staff have been the hallmarks of this company over the years.

The staff at J. SCOTT EARLY FUNERAL HOME will take the time with you to let you know what choices are available, their costs, and related details. They can inform you of the benefits of pre-arrangements and especially those of pre-paid arrangements.

If you have thought about life insurance and a will, but have not considered funeral pre-arrangement, take the time to consult the staff at J. SCOTT EARLY FUNERAL HOME.

**MINUTE MUFFLER**

JACK QUINN  
OWNER/OPERATOR

THE UNDERCAR SPECIALISTS

701 MAIN ST. E., Milton (416) 878-7239

There are many reasons why a faulty muffler or exhaust pipe should be replaced. Beyond its obvious annoyance, a damaged muffler's noise levels can cause stress or damage to your hearing, and also fatigue the driver and passengers. Carbon monoxide, the deadly odourless gas produced by internal combustion engines, should be exiting at the rear of the car. If you can smell other gases such as oil and acid vapours which are also produced by the fuel burning process, you are also inhaling deadly carbon monoxide. Aside from unbearable noise levels, driving a vehicle with a poor exhaust system is just plain dangerous.

MINUTE MUFFLER provides a wide range of specialized services including the installation of exhaust systems for cars, light trucks and smaller recreational vehicles. They provide custom pipe bending, dual conversions, catalytic converter replacement, work on CV joints, brakes, tire repairs & balancing, oil changes, Drawite hitches installed, computerized wheel alignments, as well as the installation of quality shock absorbers, McPherson struts, coil and leaf springs. All work & parts are covered by a nationwide guarantee.

The first MINUTE MUFFLER shop opened in Lethbridge, Alberta in 1969 and today there are 120 franchise locations coast to coast in Canada and one in Barbados. The location in Milton opened in April of 1989 and is franchise owned and operated by JACK QUINN.

For free inspections, estimates, competent installations and top service, we suggest that you see the people at MINUTE MUFFLER in Milton.

THE ALL-OCCASION FLORIST

487 LAURIER AVE., Milton (416) 878-2881

Florists play an important part when celebrating occasions of a personal nature all year round such as with Christmas, Valentine's day, Easter, Mother's day, an anniversary or birthday. One event, however, requires special attention to detail in order for the overall mood and effect to be reflected accurately—we are referring to the wedding day.

As a wedding specialist, KAREN'S FLOWER SHOP can suggest ways of making your wedding day all the more special. The planning is the most important part; you can rest assured that KAREN'S FLOWER SHOP will design arrangements from only healthy stock that will suit your colour scheme and style of wedding whether it be in a traditional or more contemporary genre.

KAREN'S FLOWER SHOP has been home to creative floral ideas since November of 1966 and its owners WOLFGANG and KAREN NOWAK have years of experience at arranging fresh and silk flowers for practically any setting. This store provides potted plants, tropicals, fresh cut flowers, planters, brassware, vases, and related items.

As a member of FTD, Teleflora and AFS, this firm can wire flowers to someone special across town, across the country or to one of over 135 countries around the world.

When you want to express your individual and personal feelings of love, friendship, sorrow or gratitude, do it with a living gift from KAREN'S FLOWER SHOP. Don't forget that Thanksgiving is on October 9th and to include KAREN'S FLOWER SHOP in your celebration plans.
