Bateman at Harrop

An Artist in Nature, the most recent art book containing the works of Robert Bateman, will be promoted by the artist personally when he visits Milton Sunday. The former Milton resident and celebrated Canadian wildlife artist will be at the Harrop Restaurant and Gallery on October 7 from 7 to 9 p.m. to autograph his art books and prints. A selection of limited edition prints and his new art book will be available at the 345 Steeles Ave. gallery.

Harvey's has a heart

The staff at Harvey's restaurant on Market Drive will be working for free next Wednesday during the lunch hour and donating their wages to the Juvenile Diabetes Foundation.

Patrons will also be supporting the charity on October 10 when \$1 from each cheeseburger and hamburger sold will be given to the Foundation. The Main Street Harvey's restaurant will also contribute \$1 per burger sold on JDF day.

Wanda Burton, manager of the Market Drive location, says staff decided to give up part of they pay cheques because, "we all seem to know someone with diabetes." The fundraiser has been advertised at her restaurant through posters and tray liners during the past week.

An average of 400 burgers are sold at Ms Burton's restaurant daily and she hopes at least that many will be eaten on JDF day.

Parents, Help your Kids Own a Home

In these days of expensive homes and high interest rates the Canadian dream is getting tougher to afford for many young people. However, now parents, grandparents, and other family members can help without giving out a big chunk of their savings, or being on the hook in any way for the kids' mortgage. Introducing the "Family Ties Mortgage" exclusively at Canada Trust.

Here's How It Works

The kids apply for a regular Canada Trust mortgage. We approve it using our normal lending criteria.

You then purchase a regular Canada Trust GIC of \$20,000 or more for one to five years and select any interest rate that's less than our posted rate.

Canada Trust, in turn, reduces the kids' mortgage interest rate by the same reduction that you've taken on your GIC, for the same term and amount.

For example, if you deposit \$50,000 into a three year GIC and choose to earn 7% versus the 11.5% posted rate, we'll reduce the interest rate on \$50,000 of the kids' mortgage from 11.5% to 9%.

for three years. When your certificate matures you can decide again what help, if any, you wish to give.

You can choose any term from one to five years and any reduction in interest rate on your GIC. The lower your certificate rate, the lower the kids' mortgage rate, and the faster their mortgage will be paid off and / or the lower their mortgage payments will be.

No Risk, No Co-Signing

Your GIC isn't held as collateral. Canada Trust accepts the full risk for the mortgage repayment by the kids. You don't have to co-sign the mortgage.

You Get Quality Products Too

Canada Trust Friendly Mortgages and GICs are top notch products. You make no sacrifice in quality.
