THE AUTO EXPERTS

Livio Bonin and Al Rydall have between them over 40 years of experience in the automotive service business. Their Main Street garage which was extensively renovated and reopened a year ago last May, boasts modern equipment and plenty of parts in stock.

Familiar service continues

There's nothing like a big new building to bring in the customers. That's what Livio Bonin, a partner at Westend Auto on Main Street has discovered.

The new and improved automotive service centre at the corner of Main Street and Bronte Road is complete with a car wash. Mr. Bonin and his partner Al Rydall run the service station while the property owner, runs Niskar Auto which consists of the car wash and gas pumps.

Until four years ago, Mr. Bonin owned the property and operated the service station — a job he's done for 19 years. His partner ran the station at the other end of Main Street and has been in the business for 23 years.

Their experience and history in town has gained the pair many loyal customers and their share of new business. Although the extensive facelift meant a six-month shut-down, Mr. Bonin says they've realized a boost in the number of customers since reopening.

With the new building came a larger stock room which allows them to keep more parts on site, as well updated equipment. An FMC computerized alignment machine has been added to the shop's equipment inventory to ensure customer satisfaction.

The partners have recently purchased an Auto-pro franchise which provides customers with a life-time guarantee for brakes, mufflers, suspension parts and front-wheel drive components. At the three-bay garage, all domestic and imported vehicles can be serviced.

The shop is open weekdays from 7 a.m. to 5 p.m. and on Saturdays from 8 a.m. to noon.
