**NEVER
AGAIN!**

à War Amps video
series

"In a war, everyone
suffers... we must never
let it happen again."

The War Amps believes it has a responsibility to warn younger generations about the true horrors of war. Who better to recount the battles as they really happened than the veterans who experienced war first-hand? The **NEVER AGAIN!** videos provide historical accounts of Canada's participation in the First and Second World Wars and Korea.

Winter Heating / Summer Cooling
You get the best of both worlds
with our money-saving
Nordic II Heat Pump

Actually it's the best of three worlds. You get winter heating, Summer cooling. And energy costs savings.

You see, the ICG Nordic II 2-piece Heat Pump operates like a furnace. By extracting heat from the outside air and circulating it throughout your home.

It also provides central air conditioning by extracting heat and humidity from inside your home and pumping it outside.

Best of all, you will save money on energy costs with the higher efficient Nordic II.

And it's practical. If you have an electrically heated home, in a location where natural gas is not available, you may be eligible for a \$500.00* cash rebate from Ontario Hydro. Also \$200 Factory Rebate on heat if you buy by Nov. 30th.

Call today to see if you qualify for the rebate and get the full details on this and other great ICG products.

*For qualified installations only.
