THE AUTO EXPERTS

At Auto Genics they're service specialists

Auto Genics Total Auto Service Centre has all the automotive repair bases covered with room in the outfield for some specialties.

The three service technicians specialize in fuel injected engines and are cooling and heating system specialists as well. Computerized engine diagnostic equipment coupled with an outstanding supply network helps the experienced staff keep customers satisfied. Together the service technicians and franchise owner Raz Arcaro have more than 24 years of General Motors experience.

Auto Genics has a four-bay garage where everything from brakes to transmissions and front end work can be handled. Parts can usually be ordered and installed the same day.

A new feature at the 88 Ontario Street location is an exclusive line of high quality Yokohama tires. The 16 Auto Genics centres in the province are the only retail outlets for these reasonably priced performance radials.

The Milton location, which opened 16 months ago, will have the company's warehouse in the same town by the end of the year. The Auto Genics head office moved to 820 Nipissing Road recently from Mississauga, with the warehouse to follow.

Company president Doug Williams, a Milton resident, was looking for a central location to fit in with plans to expand into St. Catharines, Hamilton and Brampton. There are now 12 franchises, including the local centre, operating in the greater Metro area.

Auto Genics is open weekdays from 8 a.m. to 6 p.m. and Saturday from 8 a.m. to 1 p.m.
