

# Vacations Galore!

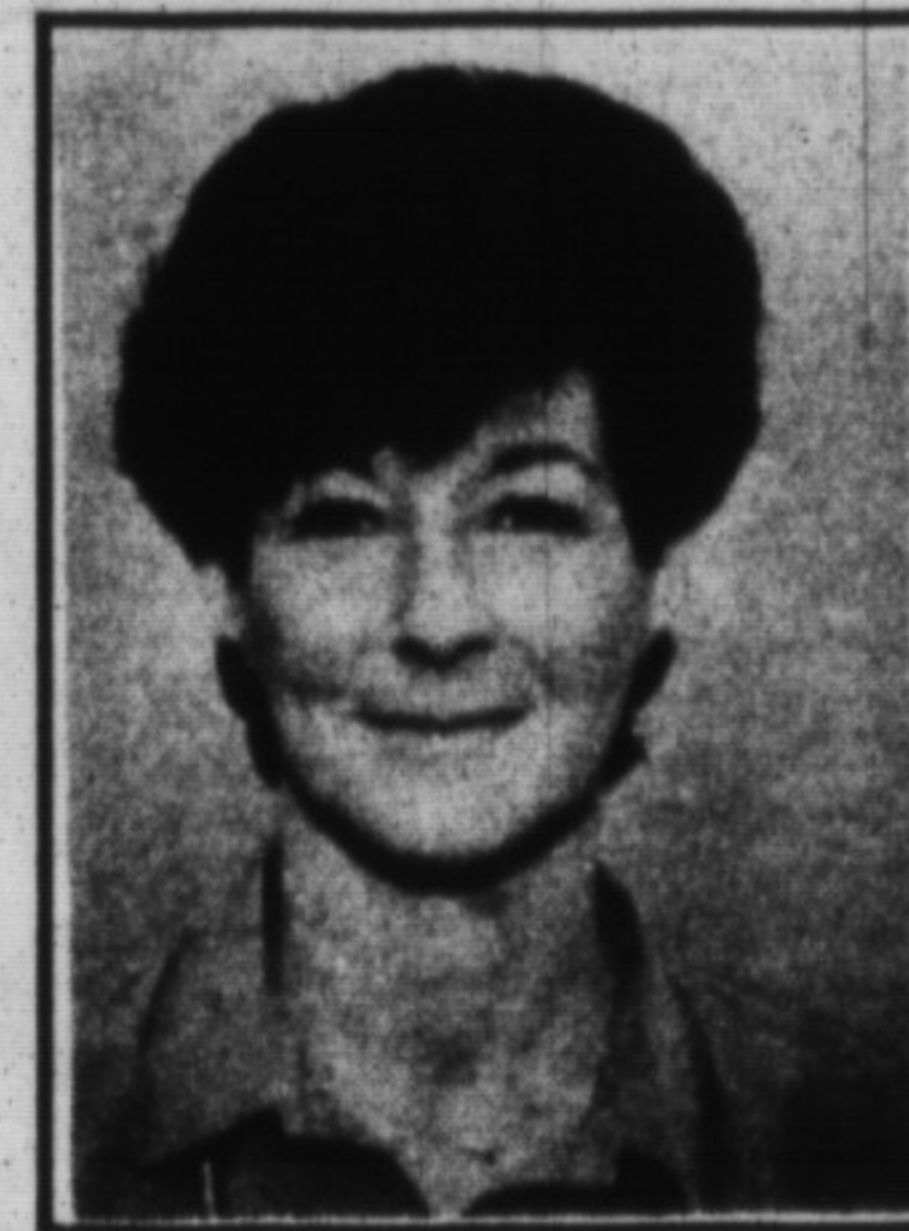

**Kathy McLean**

A Ski Package to Whistler, to Florida for Disney or wherever, Kathy has likely been there and can help you plan your vacation.

**SUNQUEST'S "CRAZY ANGEL"** property is an all-inclusive with wide appeal. While Los Angeles Locos, or "Crazy Angels", may be a bit of an unusual moniker for a resort, there's nothing crazy about this all-inclusive property near Manzanillo in Mexico.

The 201 room complex is a true all-inclusive, all meals, drinks, snacks, water sports, tennis, horse-back riding and a host of other activities are part and parcel of the deal. Packages are for one or two weeks and rates include air ex Toronto and accommodations.

**Donna Simpson**

Dedicated to making your trip the best it can be, Donna continues to gather that extra knowledge on those fine touches of travel planning. Come see her.

**NEED HELP IN PLANNING YOUR VACATION?** Come to our office and pick up a VIDEO of your chosen destination or that cruiseship. A great way to make your dream come true. We have a supply of tapes and access to 100's more!

Milton Travel Service, our community's first, was started in 1961 by Bill and Ellen Casson, parents of local famed artist Albert Casson. Bill was a Canadian Pacific Railway agent and started the travel agency by driving to Malton to pick up tickets at Trans Canada Airlines.

They retired in 1985 (when the agency became Bruce Hood Milton Travel) and now winter in Nevada and summer in Milton!

We proudly carry on their tradition of quality service.
