CRIME STOPPERS OF HALTON

Hit-and-run driver wanted

The Halton Regional Police Traffic investigators and Halton Crime Stoppers are seeking information about a hit and run accident which has left a 71 year old woman in hospital with serious injuries.

On Friday, Jan. 31, at approximately 6:50 pm, the victim was crossing Confederation Street in Glen Williams, Halton Hills, when she was struck by a vehicle which was travelling north bound. The vehicle continued north after striking the victim and passed through the intersection at Main Street, failing to stop for the stop sign. The vehicle had been travelling with no headlights and at an excessive speed for the area.

The vehicle is described as medium to dark colour, mid to full size, square tail lights, older boxy model, believed to have damage to the left front corner and possibly to the windshield.

If you have any information that leads to an arrest in this or any other case, you may be eligible for a cash reward. You need not give your name and your call will be treated with complete anonymity. Call 1-800-668-5151.

Woman injured — man faces assault charges

A Milton woman's head bled after being punched several times by a man early Saturday morning.

A 29-year-old suspect has been charged with assault in connection with the beating which occurred at the 30-year-old victim's Pearl Street home.

Police say the woman returned home from the Royal Canadian Legion on Charles Street with a Milton man at about 2:30 a.m. The couple started arguing and the woman was punched repeatedly in the face.

Police Blotter

charged with two drinking and driving-related offences.

A 56-year-old Campbellville man faces the same charges after being pulled over by police Sunday afternoon near the intersection of Derry and Thompson roads.

Jewellery lost

The owner of a Dodge Caravan claims to have lost \$100,000 worth of jewellery after thieves broke into her car at Glen Eden Ski Area Thursday.

The jewellery which she left in her purse included an engagement ring and gold necklace, the woman told police. Her vehicle was parked in the west lot of the popular ski facility.

Two other car break-ins occurred in the lot Thursday at around the same time, between 10:45 and 11:15 a.m., police say. Thieves collected about \$600 cash.

Shoplifting

Two Acton teenagers face shoplifting charges after allegedly stealing condoms as well as other items from Shopper's Drug Mart at Milton Mall Friday.

Two girls, aged 14 and 15 years, allegedly walked out of the store without paying for boxes of condoms, caffeine pills, eye shadow, hair gel, and Cadbury Easter Eggs.

Impaired charges

A Halton Regional Police spot check on Bronte Street Thursday afternoon resulted in the arrest of a 58-year-old Acton man. He has been

Liquor violation

A 35-year-old man faces charges of supplying booze to a minor in connection with an incident last month.

Police say two 15-year-old girls and two boys, 15 and 16, attended a party given by the suspect, a Pine Street resident, January 26.

The suspect allegedly served alcoholic beverages to the teenagers who were clearly under the legal drinking age, police say.

Overnight break-in

Money and drugs were stolen from the Mountsberg Equine Clinic on Main Street in Campbellville overnight Friday.

The facility is a therapy centre for horses. Police are investigating.

Smash and grab

The Shell Gas Bar at Martin Street and Steeles Avenue lost \$308 in cigarettes and a telephone overnight Saturday.

Police say the culprits smashed the window of the kiosk and grabbed the merchandise while causing \$600 damage.

The thieves fled on foot with 55 packages of Du Maurier, Players, and Rothmans cigarettes. The break-in occurred between 10:15 Saturday night and 6:30 Sunday morning.

Keep your distance from fallen wires

Ice storms, high winds, falling tree limbs can bring hydro lines down. Don't go near a fallen wire... even a seemingly dead line can be dangerous. Warn others to keep clear and call (your hydro) to report the fallen wire.

If the line falls across your vehicle, stay inside until the line is removed by a hydro crew.

If you must leave because of fire, jump clear without touching the car and the ground at the same time.

If there's a live power line touching your car, putting even one foot on the ground can be a fatal move to make.
