MESSAGE FROM THE VILLAGE CONSTABLE

CRAIG BOWEN

A new program has begun in urban Milton. It is called the Milton Community Consultation Committee. This group is comprised of members of various areas of the Town-business homeowners, social agencies, DBIA and police. The committee will receive assorted concerns from citizens regardless of how minor they will then examine them and where warranted refer them to the appropriate person or agency for action. The committee will also

examine enforcement problems facing the Halton Police and Make recommendations to resolve them.

If you have any concerns in your neighbourhood or in the community call my number (878-2401) and leave a message I will pass it on to the Committee.

In future articles I will outline the make-up of the committee in more detail. There will also be one or more articles in the Champion outlining this new initiative.
