

Big pipe set to run above Highway 25 from lake

In a flurry of activity at the provincial level, the Big Pipe solution to Milton's water problems has been approved. "Lands east of Thompson Road have been ready for development for some time," said Regional Planning Director Rash Mohammed. "The Province has mandated quick development of the area for affordable hous-

ing to serve the many thousands of unemployed in the Toronto area." Because of this development, Milton's water and sewage problems were addressed at the cabinet level. In order to proceed with the utmost speed initial engineering plans have the pipe, which is four metres in diameter, above ground.

Because of pumping capacity and the necessity of solid footings, the pipe will run along Ontario Street, turn left at Main and run to Milton's old Town Hall which will be converted into a temporary pumping station. The pipe will be suspended above ground in the center of each road allowance so as not to interfere with vehicular traffic. "I realize that the route is inconvenient for

people in Milton," said Mr. Mohammed. "The suspended pipe will only be needed until the permanent pipe is approved, pending environmental studies, expropriations and tenders."

Mr. Mohammed said construction of the pipe will begin "as soon as we can find some members of the Works Department."

PET OF THE WEEK

Silmey is a hermaphrodite earth worm who is in need of a home. He/she was brought to the Oakville Humane Society after losing its job as a composteur. Unable to earn its keep, Silmey must now be put out to pasture and would appreciate a quiet home with no children. Silmey is affectionate and can perform several tricks. Silmey has a fear of birds so should be kept as an indoor pet. To find out more about adopting Silmey call 1-800-WORM.
