See Dealer for details. **These offers may not be combined or used in combination with any other offer except the College Graduate Program. Offer applies to 1992 new and unused, or demonstrator models purchased from dealer inventory. Offer valid for a limited time starting April 8, 1992 while quantities last. \$15,999 financed over 48 months at 7.9% APR, the monthly payments is \$371.28 and the total amount to be repaid is \$18,711.84. Assuming a rebate of \$750 as the alternative, should you choose the reduced financing rate, legislation requires that the amount of the rebate must be included in the cost of borrowing in order to arrive at an effective interest rate. In the example given, the effective interest rate would be 9.81% APR, and the total cost of borrowing including the rebate not taken, would be \$18,411.77. Some conditions apply. See your participating dealer for complete details. †Compared to recently advertised prices for the Honda Accord LX.
