

It's always tempting to simply jump in the boat and go, but take a moment to ensure your safety. Take along all the safety equipment the law requires. Check the weather forecast before you leave the dock. Tell someone where you are going and when you expect to return. Leave the alcohol on shore.

LET'S ALL TAKE A PART IN WATER CONSERVATION!

Halton Region is restricting lawn watering to odd/even days to help conserve our water . . .

Odd numbered addresses water on odd days — even numbered addresses water on even days . . .

This program is enforced by Halton's Public Works staff. However, the co-operation of all Halton citizens in this water conservation effort is the key.

THANK YOU . . .
