10 Tips to quit smoking:

- Buy only one package of cigarettes at a time and change brands each time.
- Wait an hour after you run out of cigarettes before buying more.
- Do a package "count down" whenever you throw out an empty one: say "in 30 (29-28-or ?) packages I will have this thing licked."
- Don't carry matches or a lighter, so you have to bother someone else in order to smoke.
- Don't keep your cigarettes handy — put them in a drawer or coat pocket so you must get up every time you want one. This nuisance factor alone will inhibit your smoking, enough to reduce it by one-third. Carry whole cloves or sugarless gum where you normally carry your cigarettes.
- Carry a small note pad so you can doodle or sketch while having a beverage — see if you can wait another 15 minutes.
- Play solitaire before you go to bed instead of having that last smoke.
- Puff on an unlit cigarette while driving, reading or watching TV.
- Don't offer cigarettes to other people and don't accept cigarettes, just say "no thanks."
- Get rid of all ashtrays. Use a pop bottle and don't empty it.
