

Vote "Yes" Proudly Because, the new Constitutional Accord...

... means Ontario Gets Control of Spending in: -Forestry: towards sustainable yields; -Training: for more, safer jobs; -Tourism: our biggest money-earner; -Housing: affordable and plentiful; -Urban Affairs: handled our way.

Vote 'Yes' Proudly Because It ... will put Ontario's culture completely in the hands of Ontario's people.

Only the CBC and the National Film Board will remain in Ottawa's hands.

Vote 'Yes' Proudly Because It ... puts more power in the hands of the people of the province to change and improve life... the way we want it, rather than as some central power sees it.

Vote 'Yes' Proudly Because It ... solves the difficult senate problem.

In our parliament, our MP's give "representation by population." However, this works against those provinces with smaller populations (the

Atlantic and Western provinces).

An elected senate, equal for each province, gives the smaller provinces a break.

Quebec wants to appoint senators. So let them do so - and let them face the music from their people who see the other provinces getting elected representation.

Vote 'Yes' Proudly Because It ... assures Quebec that it will continue to have 25 per cent of the representation in the House of Commons. The rest of Canada has 75%. Ontario, in fact, has over 30%.

(Note, as Quebec's population shrinks and Ontario and B.C.'s grow, our generosity will increase).

Vote 'Yes' Proudly Because It ... Our approval of this new accord will send a friendly message to Quebec that we all wish to stick together in the coming world economic struggle.

Vote 'Yes' Proudly Because It ...

Canada can be a model for the world in setting differences in a friendly way.

(No wonder Canada is ranked as the #1 place to live by the United Nations - because we take care of all needs: the economy, social issues, health care, the environment, public safety.)

Vote 'Yes' Proudly Because It ... will get Canada back to work as a leading industrial and creative country.

Vote 'Yes' Proudly Because It ... our native people will get the long overdue recognition they deserve.

We all like to lead our own lives. We don't like to be directed by faceless bureaucrats over whom we have no control. It's high time all our people were more responsible for their own affairs.

Vote 'Yes' Proudly Because It ... this historic agreement has achieved a major compromise that reflects the variety of this country.

Vote 'Yes' Proudly Because It ... It indicates that we are determined

to encourage a mix of values and groups in our community, without neglecting the need for effective decision-making. Somewhat complicated in form and content? Sure. But real life isn't simple.

Vote 'Yes' Proudly Because It ... this agreement reflects a very special, broad-minded perspective, one that says that people of different backgrounds ... and, most significantly, two founding languages ... can co-exist. Peaceably. Co-operatively. In a single state.

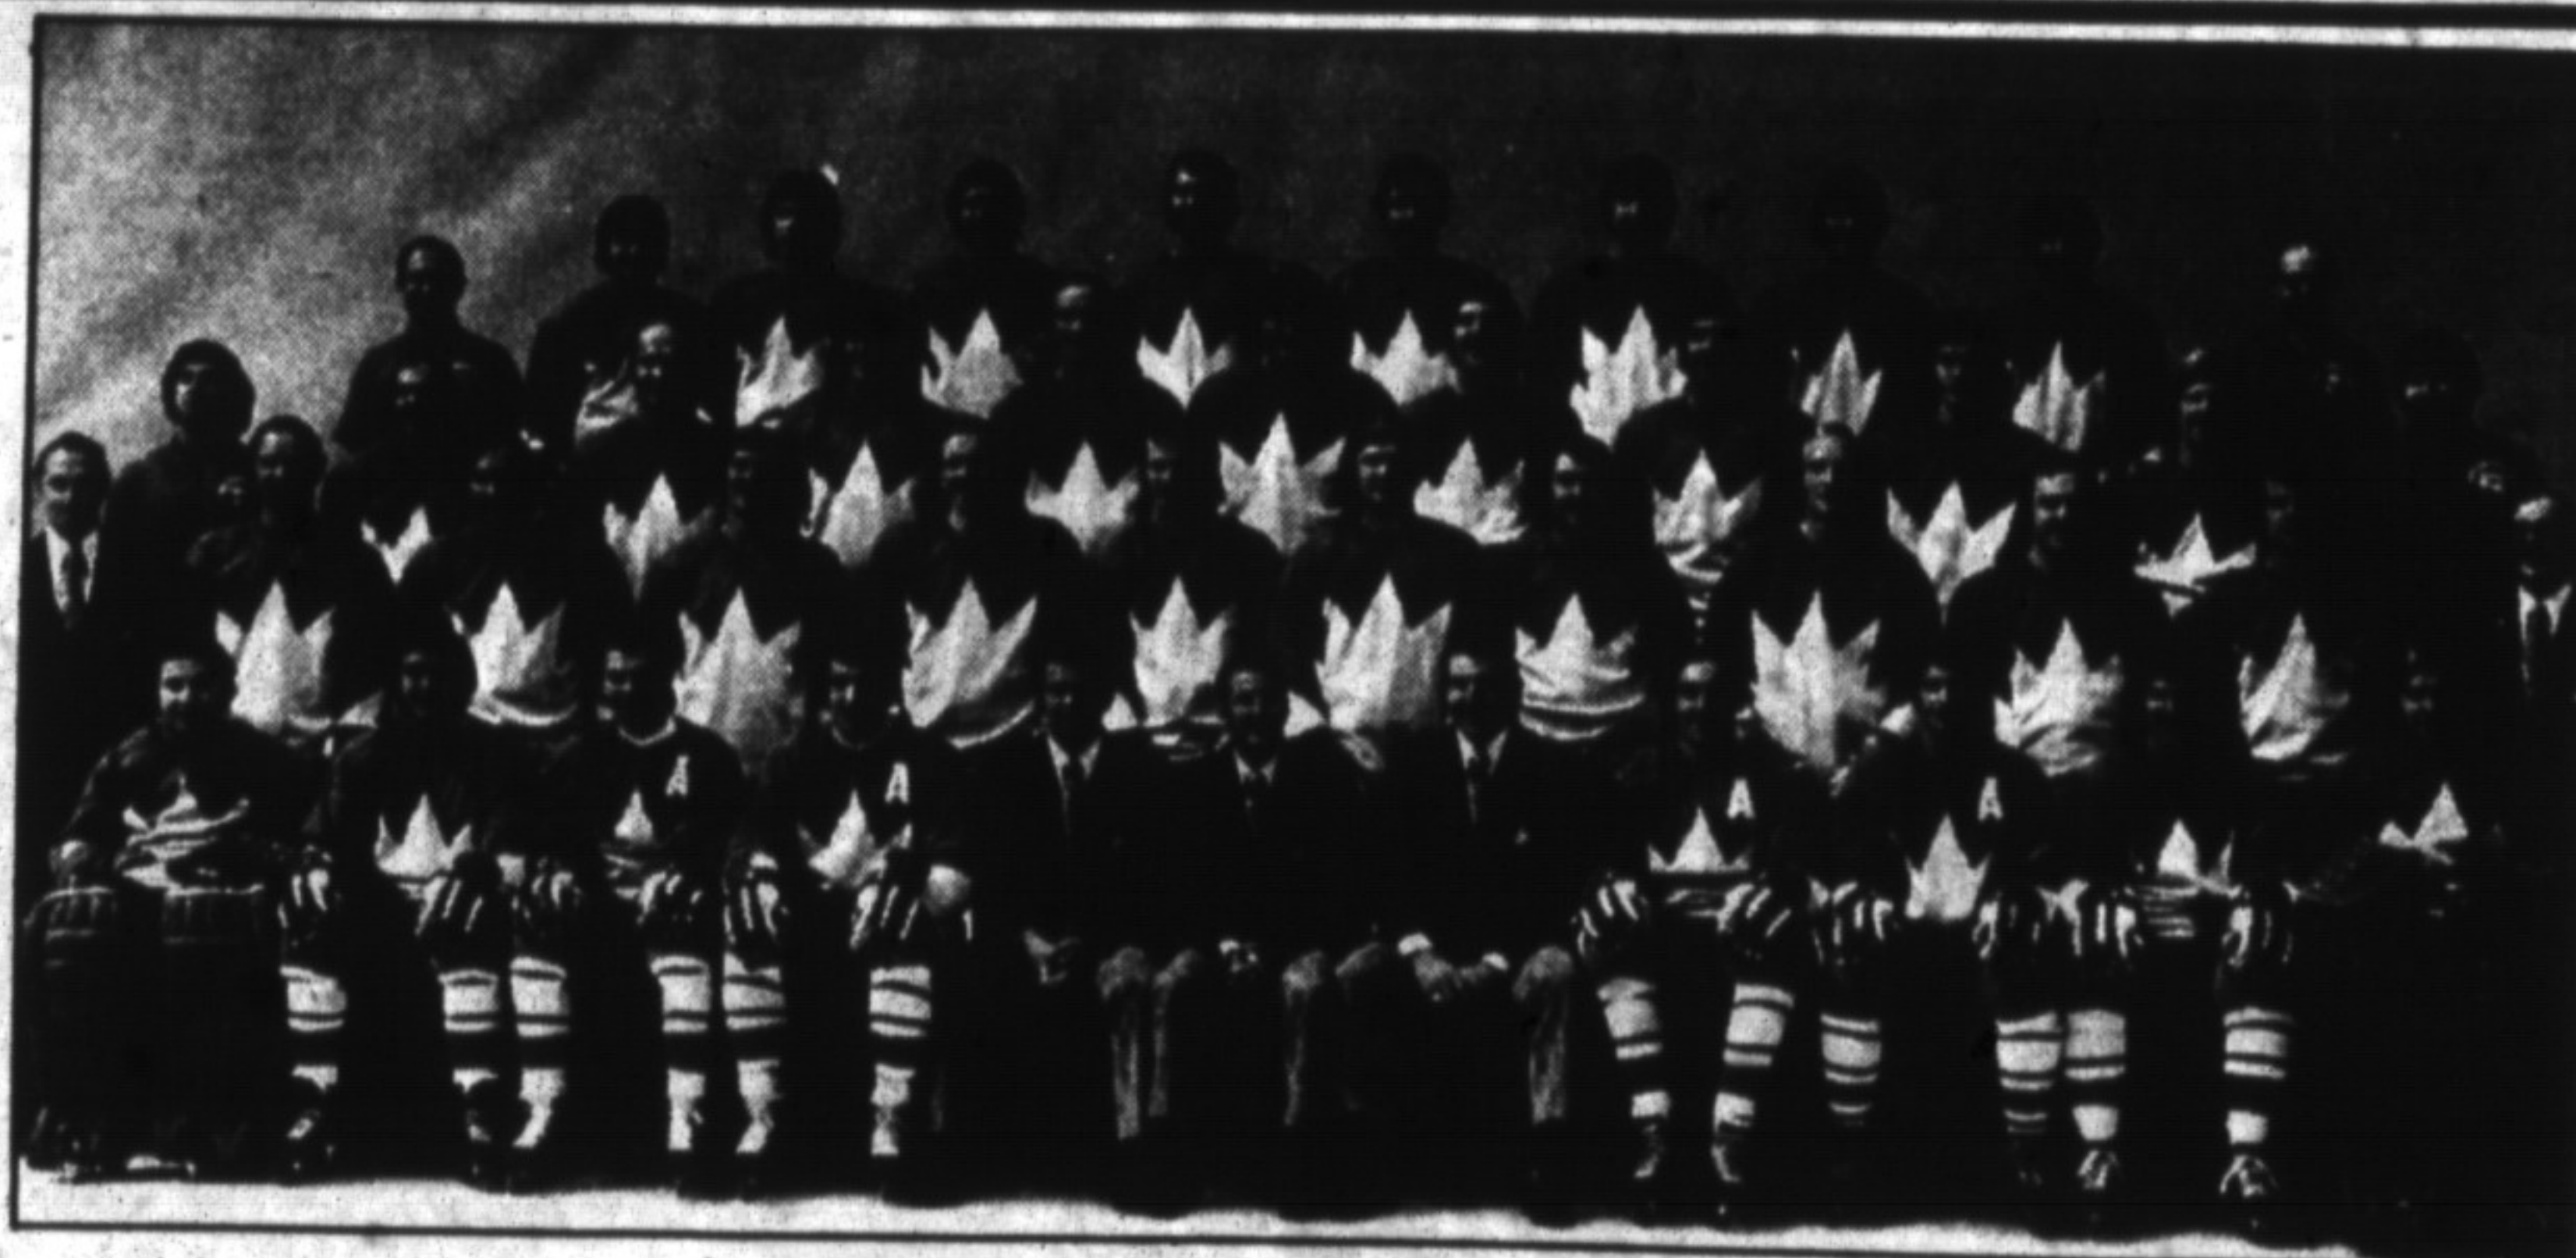

That's the Canadian dream: a model for the world ... and we've been trying to make it real for one hundred and 25 years.

How many other societies can make this claim? And how many are willing ... and able ... to make that commitment?

Canada? YES!

VICTORY THROUGH TEAMWORK

When Team Canada played the Russians in the famous series in 1972, they did not win all their games, but ultimately, they came through with the series victory.

When the government of Canada, the provinces, the territories and the Aboriginal people got together in Charlottetown to reach an agreement for Constitution Renewal, no one representative was a total winner. They worked together as a team with victories along the way to establish the groundwork of a final victory for all of Canada.

Just as Team Canada did in '72!

Let's all be a part of the team for that final Constitution win!
