

## Drury High School to benefit from employment program

The provincial government program is investing \$1.3 million in job creation and economic renewal in the Halton-North riding, MPP Noel Duignan announced Friday. Through JobsOntarioCapital, five area projects will create the equivalent of one

year's construction work for 22 people. Three jobs involve roof and window replacement and the installation of a new standby generator at E.C. Drury High School. The others include repairs, energy conservation and environmental protection

measures related to provincial land holdings and residential units owned by the Ministry of Government Services in Halton. "These projects will provide an immediate boost to construction employment as part of a co-ordinated effort to create jobs and make

a strong contribution to local economic renewal," said Mr. Duignan. JobsOntarioCapital is a five-year, \$2.3 million initiative by the province to support jobs and economic restructuring and promote community and social progress.
