

Town ensures kids won't be bored this summer

The Town of Milton has something planned for kids every weekday this summer.

Among the Town's summer youth programs are Playground Programs for children aged 5 to 10 years. They are being held once again this season

at four local public schools — Robert Baldwin, J.M. Denyes, Sam Sherratt and Brookville.

The programs offer a variety of activities in a safe, supervised setting, says Amanda Benjamin, 21, a summer student with the Town. "They provide something structured for kids in the summer."

Crafts, games, nature studies,

swimming, trips and other special events are all part of the fun in the programs, which run from June 30 to August 13.

New this year is "Fabulous Fridays," held at Rotary Park every Friday. The special theme days will include mass games, barbecue lunches and afternoon swims.

For Thursdays, a variety of trips, including an overnight camping excursion at Kelso Conservation Area, have been organized.

Other destinations are Wild Water Kingdom, Toronto Zoo, Toronto Science Centre, Bronte Creek Provincial Park and Wild Water Kingdom.

The cost is \$35 per week, except August 3-6 when the cost is \$29. Or, pay \$7 per day. The first two days of the program, June 30 and July 2, are free to those who register for the second week, otherwise the cost is \$10.

Also as part of summer youth programs, exclusively for older children aged 11 to 14 years, is the Youth Adventure Camp from June

30 to August 13.

This program at W.I. Dick Middle School offers a structured yet "cool" environment filled with trendy crafts, hip games, and trips, according to Ms Benjamin.

The cost is \$39 per week except August 3-6 when the cost is \$29. The first two days of the program, June 30 and July 2, are free to those who register for the second week, otherwise the cost is \$10.

The Town also provides an opportunity for youths aged 14 and 15 years to develop their leadership skills now.

The Leader in Training Program at Rotary Park combines in-class training with on-site practical experience.

Course content covers program planning, teaching techniques, child development, team work, and much more.

The program runs from July 12 to August 13 and costs \$35 per week.

Refer to the Town's 1993 Leisure Guide for further details and registration information on these programs.
