### Small talk

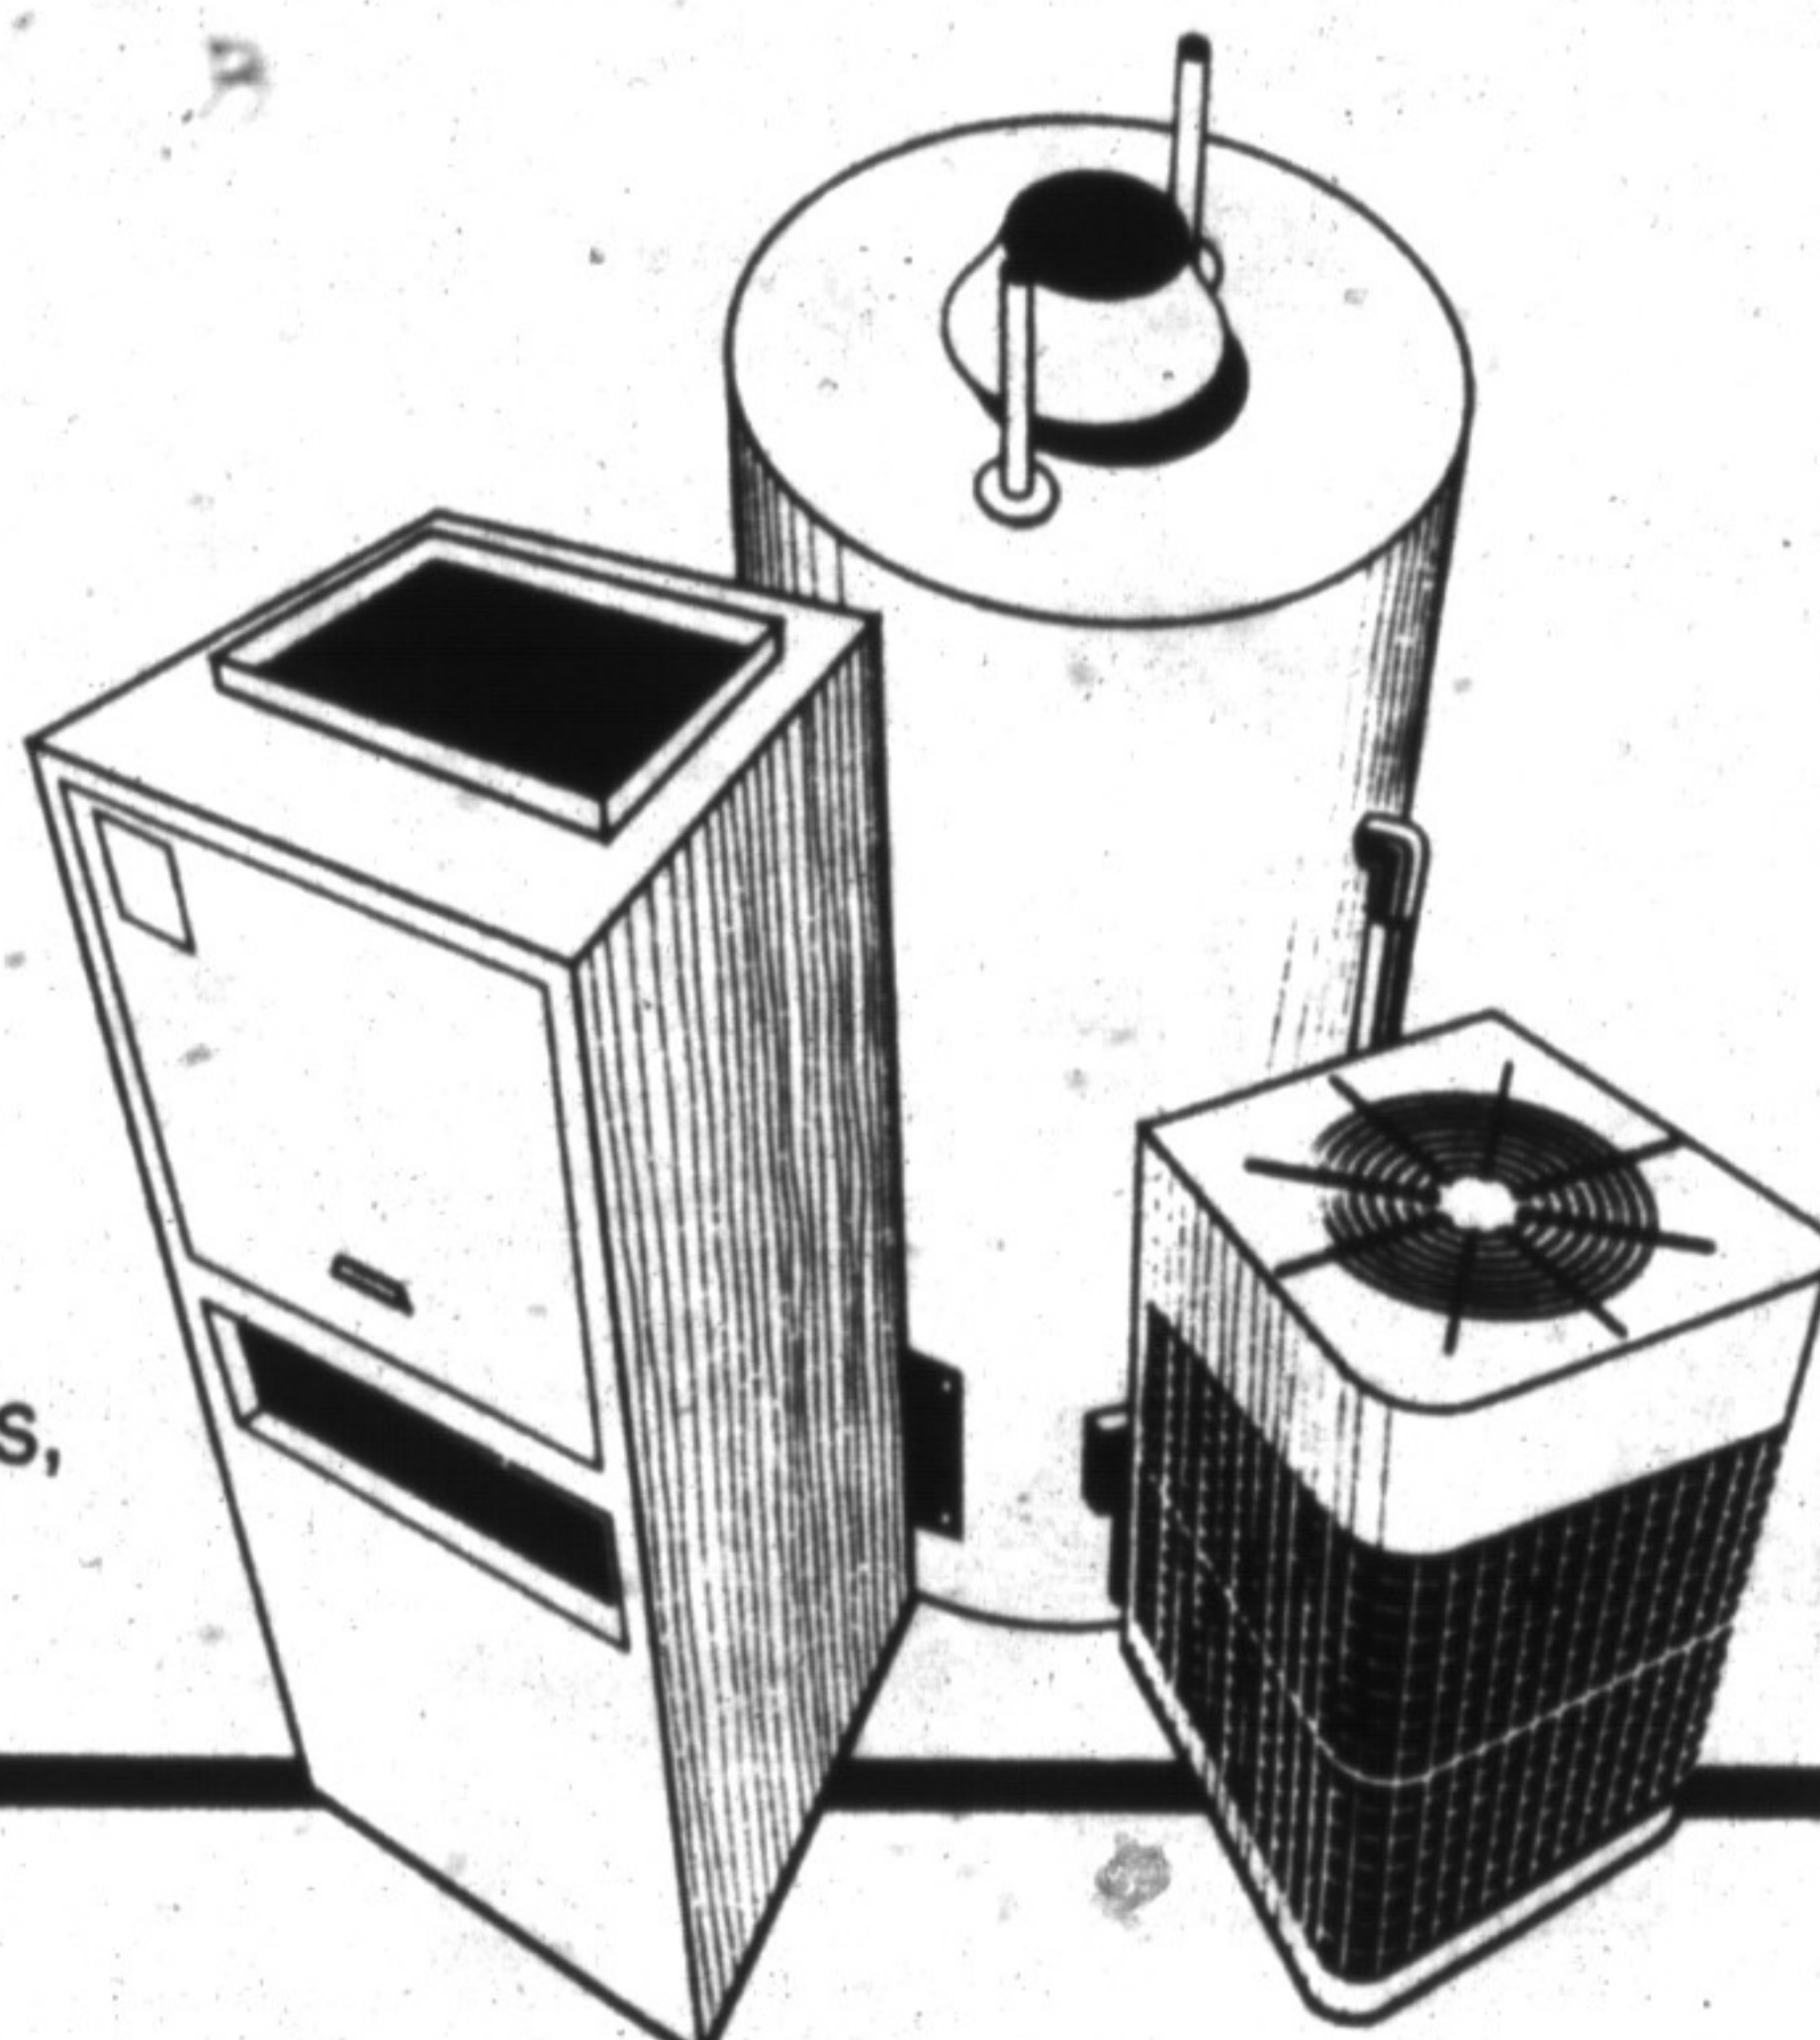

Stephanie Young of Miltown Cellular shows off a small Motorola cell phone at the Chamber of Commerce trade show last week at the Leisure Centre.

# BE ENERGY SMART... CHOOSE NATURAL GAS

Whether you are replacing or converting your heating system, natural gas is the smart choice.

- In fact, natural gas costs less today than it did in April 1983!
- A natural gas high-efficiency furnace is up to 94% fuel efficient.
- Add a central air conditioning system and you will have home comfort year round!
- Complete your home comfort system with a natural gas rental water heater.
- And because natural gas is the cleanest burning of all fossil fuels, it's kinder to the environment.

CALL NOW AND MAKE NO PAYMENTS UNTIL FEBRUARY '94
