## HOROSCOPE

Forecast Period: November 21-27

**ARIES (March 21 - Apr. 20):** You might be called on to act as an intermediary this week. You could make use of one of your own influential contacts to help someone else's career along. Your kindness may even be reciprocated at some future time. Don't mislead a loved one about your intentions.

**TAURUS (April 21 - May 21):** Follow the suggestion of a Scorpio friend. This advice could lead to success and increased income. It's time to patch up differences in a strained friendship. You may have to be the one to initiate this. Don't let your pride get in the way this time. You'll learn the value of planning ahead.

**GEMINI (May 22 - June 21):** As long as you don't let your emotions get the better of you, this should be a very happy week. A love relationship can take on a deeper, more serious meaning. Unattached Geminis should expect to find romance. Be on the lookout for a charming Libra of the opposite sex.

**CANCER (June 22 - July 22):** Don't believe any gossip you hear. Even if it's true, repeating it could make you look quite foolish. You may feel compelled to do something completely different with your life, especially if you're in a rut. Perhaps you should start your own business. Do not be afraid to speak your mind.

**LEO (July 23 - Aug. 23):** You can't always get your own way. Sometimes you have to compromise in order to move ahead. This is one of those times. Extravagance should be avoided. There may be a bill or payment you've totally forgotten about. A younger family member will come to you for advice.

**VIRGO (Aug 24 - Sept. 22):** Don't change your position on an issue just to avoid a family argument. Even if you're not very popular at the moment, you will be respected in the long run. News of an engagement will be the highlight of the weekend. A silly mood on Friday will surprise business associates.

**LIBRA - (Sept. 23 - Oct. 23):** A family gathering will be a pleasant and meaningful experience. You'll find out interesting information about your family's history. New opportunities beckon, and you can expect financial success. Romantic relationships flourish. A new responsibility at work will strengthen your expertise.

**SCORPIO (Oct. 24 - Nov. 22):** A troubled friend will call on you for advice. Your kind words will be quite helpful. A bit of organization is necessary to keep ahead of work projects. You'll feel satisfied in what you accomplish. A hobby will keep you busy this weekend. Try to make time for household chores.

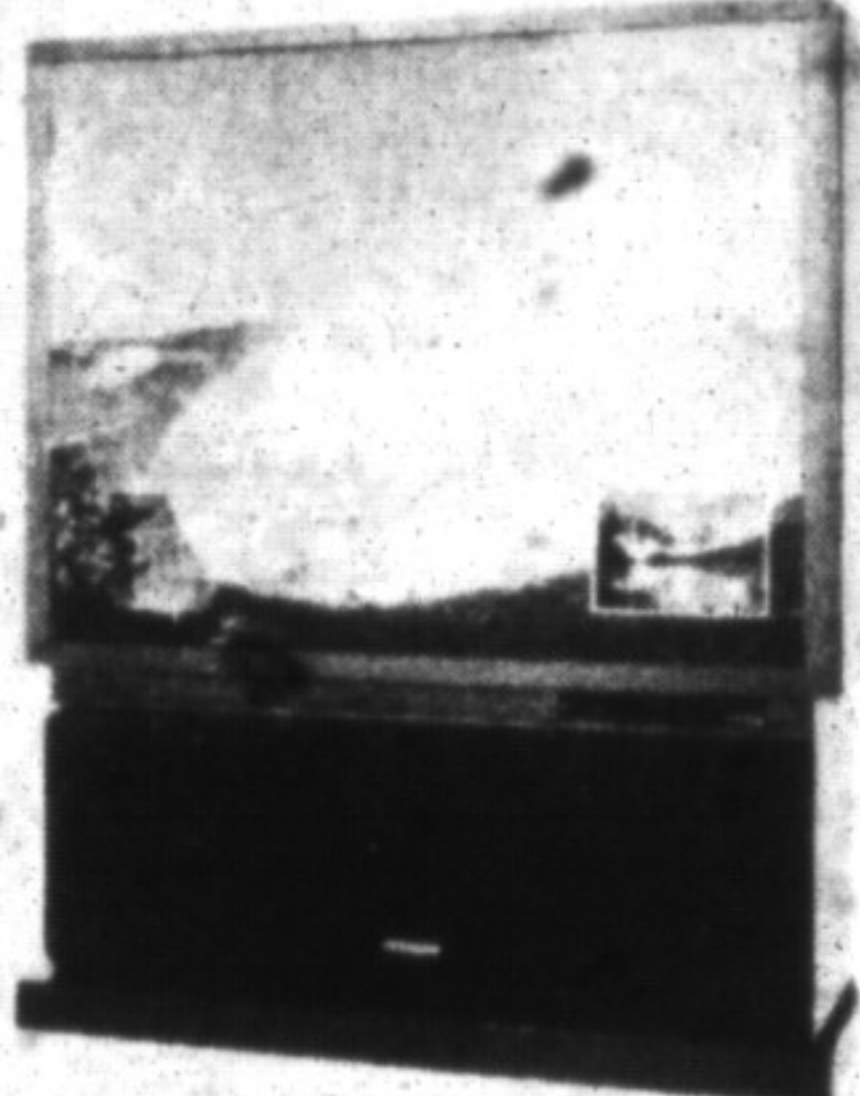

**SAGITTARIUS (Nov. 23 - Dec. 21):** If a dispute between two family members is driving you crazy, it may be time to intervene. Logic and reason is what's needed to solve this particular problem. Just don't take sides or you'll be the one who loses out. You will hear news of a birth. Money and finance play a strong role.

**CAPRICORN (Dec. 22 - Jan. 20):** An interest in a hobby could become stronger and may involve a course. A major purchase should be considered at this time. Insecurities may hold you back from success. Evaluate yourself, with an outsider's point of view. You'll realize that you've been underestimating your worth.

**AQUARIUS (Jan 21 - Feb. 18):** You may come to realize that you've been unfair to a family member. This may be a good time to apologize and have more respect for the relationship. Your everyday routine may seem stifling, and you may start thinking of different options in life. Take a realistic approach.

**PISCES (Feb. 19 - March 20):** You may have to delay a purchase in order to balance your personal budget. Time spent with old friends will evoke special memories. If you want to keep your friends, do not offer your opinion when it is not requested, especially on Wednesday. You may be accused of snobbery.
