FIREPLACES

Warm up to winter with a beautiful built in fireplace that is compact, energy efficient and affordable

Fireplaces featuring Heatilator Flame Technology. Enjoy a combination of tall, dancing yellow flames, ceramic fire logs and a bed of glowing logs that blend together to create the look of a real fire. The Heatilator includes a one year limited warranty. Options include a remote control for total convenience and a fan kit to increase distribution of heated air.

heatilator
The first name in fireplace

For those wanting the beauty of a wood fire with the warmth, efficiency and convenience of gas. Heat-N-Glo is the "Smart Choice" comes with many Standard features including 21,000 BTU/hr. input, combustion efficiency in excess of 65%, four ceramic fibre logs and much more. Options include a remote control, fan kit and more.
