Local history presentation at Foster Hall

A local history of Scotch Block, Lowville and the Bethel Church will be presented by Dr. Leslie Meszaros of Pioneer Films at the Friends of the Halton Region Museum annual general meeting on Thursday, Feb. 24 at 7:30 p.m. at Hugh Foster Hall.

Dr. Meszaros, a resident of Kilbride, became interested in filming local history and heritage in the 1950s.

In 1959, after completing two films, the Ministry of Education invited him to produce short films with historical and social study backgrounds to be shown in schools.

Admission is free and everyone is welcome. For further information call Linda Twitchell at (905) 875-2200.

All-star dreams

A youngster wearing a Toronto Maple Leafs Wendel Clark jersey casts a huge shadow as he hones his hockey skills on the frozen Mill Pond recently. No doubt he hopes one day to be an all-star player, himself.

A demonstration of an all In - The - Canal hearing instrument. You will be amazed at how tiny a modern hearing aid can be! This is one of the smallest and most sophisticated instruments available.

IF you are wearing an aid, it will be cleaned and adjusted to insure maximum performance at no cost.

YOU SHOULD HEAR WHAT YOU'RE MISSING TUNE IN TO THE SOFT VOICES NOT THE NOISE

This continuously self-adjusting amplifier enhances only the soft sounds like people's voices, so you can hear more clearly in noisy situations. Financial Assistance towards purchase of a hearing aid available to Ontario residents

Pomeroy worried about plan to unite programs

from POMEROY on page 5

“I have serious concerns about the whole concept,” reiterated Mr. Logan. “We are being asked to impose a huge structure right from the start. If the MSA idea is so good, why aren't the five Red Cross organizations in Halton operating together?”

“The words are pretty but the pieces don't fit,” he added.

Milton councillor Brad Clements reminded the committee that Halton was merely a commenting agency on a provincial initiative.

Despite reservations, the committee voted to send Mr. Katsoff's model of Halton's MSA to the Halton District Health Council, which issued the call for ideas on how the MSA should be organized. The matter will come before full council next Wednesday (Feb. 16).

Mr. Katsoff presented an MSA model which had one administration centre with five satellite offices in the region. Oakville, Burlington, Milton, Georgetown and Acton would all be served by local offices working with the central one.

Free child screening

If you have questions about your pre-schooler's hearing, speech, behaviour, motor or learning skills, consider a screening and consultation clinic at the Milton Children and Youth Centre.

No appointment is needed and there is no charge for access to a qualified assessment team.

The next session is scheduled for Tuesday, Feb. 22 from 9-11 a.m. Further sessions are scheduled in April, June and August.

The program is sponsored by the Milton District Hospital Foundation. For more information contact Carole at 876-1244.
