Introduction to T'ai Chi Chuan

T'ai Chi Chuan is an ancient Chinese physical exercise and martial art. The slow, beautiful movements are a form of meditation that relaxes the mind and energizes the whole body.

This introduction to Yang style T'ai Chi will include warm-ups, form practice, theory and applications. A short form of 14 movements will be taught and completed in the 10 week session.

Ed Cooper has been a T'ai Chi practitioner for 15 years and has taught in Milton for 3 years. He is currently the president of the Canadian Taijiguan Federation and has studied in Malaysia, Canada and the United States.
