development initiatives.

Based on the staff report, council sanctioned some general budget guidelines, including:

• No cost of living adjustments for salaries or wages. Merit pay will be maintained and days off without pay are to be restricted as much as possible.

•It's hoped layoffs will be prevented through attrition, transfers and early retirements.

• Cost containment on benefits will be examined.

• A rash of serious claims in the municipal insurance market could see the Town's insurance rates increase by 15 percent over last year.

• Union Gas rates jumped by 3.5 percent effective October 1, 1994.

• Halton Region has indicated a 3.1 percent water and sewer rate increase effective January 1, 1995.

• All budgets for materials, supplies, repairs and purchasing will be done with no increases and with reductions, if possible.

The Town's operating budget will first be seen February 14 with review set for February 28 and March 1. Final council approval is slated for March 6.
