

# CRIME PREVENTION WEEK '94 NOVEMBER 6-12

**C**rime prevention is the anticipation and recognition of a potential crime risk and taking the necessary steps to remove or reduce it.

Money spent on crime prevention is an investment not an expenditure.

The week of November 6th to November 12th is designated as national crime prevention week.

It's the time when the public's awareness to crime prevention is encouraged.

## TEN BELIEFS OF THE CRIME PREVENTION PHILOSOPHY:

1. Crime Prevention is everyone's business.
2. Crime Prevention is more than security.
3. Crime Prevention is a responsibility of all levels of government.
4. Crime Prevention is linked with solving social problems.
5. Crime Prevention is cost effective.
6. Crime Prevention requires central position in law enforcement.
7. Crime Prevention requires cooperation by all elements of the community.
8. Crime Prevention requires education.
9. Crime Prevention requires tailoring to local needs and conditions.
10. Crime Prevention improves the quality of life for every community and its residents.

## THE BENEFITS TO REDUCING CRIME INCLUDE:

- Greater freedom and security for every person at home and in the community.
- Increased respect by all for the rights of all.
- Revived sense of personal civic responsibility as a natural and expected part of membership in the community.
- Healthier, more interdependent communities.
- Increased individual and collective pride in self and community.
