bend one needle. If it bends easily, the tree is fresh. If it breaks, the tree is too dry to be used indoors and should be discarded.

- Use caution with all Christmas decorations, including the popular lighted

Christmas villages and moving Santas. Always check all wiring and plugs and replace if frayed or damaged. Keep all decorations that produce heat away from other combustibles.

- Presents should be kept well away from dangling Christmas tree lights and watch that the family pet doesn't pull the lights down close to flammable materials.

- Check your smoke alarms to make sure they are operating correctly.
