**E.C. DRURY HIGHSCHOOL**

**Co-op Employers Make a Difference!**

A co-op placement provides students with the opportunity to:

- explore interests and aptitudes
- explore career goals
- increase responsibility
- increase employability skills
- apply classroom learning in real life situations
- develop interpersonal and communication skills
- develop expertise and specific job skills

Our co-op employers are an essential partner in the learning process. We appreciate the opportunities, expertise, and personal commitment they provide for our students.

If you are interested in becoming a co-op employer and being part of this exciting partnership, please contact E.C. Drury High School at 878-0575.

## IN THE CO-OP PROGRAM
