Yesterday hundreds of companies searched for someone like you on the JobMatch™ system.

Where were you?

A revolutionary service that uses technology to match good people to good job opportunities.

Everyday, companies looking to hire look to the JobMatch employment database service. It's Canada's foremost resource of personnel. Whether you're looking for your first job, or for an effective career management tool, JobMatch can ensure you don't miss out on new opportunities.

Access the thousands of jobs that are never advertised.

It's a fact that over 80% of jobs are not advertised. So finding them is nearly impossible, unless you're registered with JobMatch. Many employers now look to JobMatch first when they need qualified new people.

JCI Technologies is a publicly held Canadian company — not a government agency.

JobMatch from JCI Technologies is not a government initiative. It is not a personnel agency. It's a new way of bringing employers and employees together and is supported by some of Canada's most respected companies.

Hundreds of leading corporations are already using the JobMatch system.

Over 2,500 employers now use the system, covering virtually every industry: Financial institutions, high-tech companies, manufacturers, professional services, provincial governments, plus organizations such as Canadian Manufacturing Association. More companies and organizations are accessing the service every day. Your next great job could come calling for you.

5 easy steps: JobMatch makes finding the right job easy.

1. First, register by completing and returning the Registration Kit, which we will send you free of charge.
2. Your resume will be filed electronically on the JobMatch database and catalogued according to your qualifications and employment preferences.
3. Companies access the JobMatch system using their own computer, or a touch-tone phone. They enter the qualifications they're looking for and the system automatically searches through the registered resumes.
4. If your qualifications match those being requested, an exact copy of your original resume is sent instantly to the employer.
5. The company then contacts you directly for an interview.

▼ Register for three months FREE! Get your Registration Kit today. ▼

We'll send you a FREE Registration Kit with complete details of the JobMatch service. There's no obligation. If you agree that JobMatch is the best way for you to find your next job, we'll waive the usual \$26.75 registration fee and give you 3 months of exposure to Canada's top employers. Ask for your Registration Kit today.
