

IVY CANADIAN FUND

The Equity Investment For Conservative RRSPs.

Ivy Canadian Fund from Mackenzie makes an excellent choice for the conservative RRSP investor. Why? We believe there are three key reasons:

- The fund is managed with a conservative, value-oriented strategy which emphasizes preservation of capital
- The portfolio is currently well positioned — with a “cash” component — to take advantage of buying opportunities.
- Your investment is fully transferable within the Ivy Funds and into Mackenzie’s Universal and Industrial Fund Groups.

We’re conservative. And we like Ivy Canadian Fund. In fact, we believe it will grow on you. For the full story, call us at the number below. Today.

Invest wisely: Important information about this mutual fund is contained in the simplified prospectus. Investors should obtain a copy from their investment advisor and read it carefully before investing. Returns to January 31, 1996 are historical annual compounded total returns including changes in unit value and reinvestment of all distributions, and do not take into account sales, redemption or optional charges payable by an investor which would have reduced returns. When purchasing mutual funds, investors should be aware that: • mutual fund investments are not guaranteed; • unit values and investment returns will fluctuate over time; and • past performance does not assure similar future returns.
