The coroner makes his way to a Saturn involved in a single-car crash on Campbellville Road Wednesday morning. A 20-year-old Dundas man died in the accident.

Man killed in rural crash

A single-car crash on Campbellville Road Wednesday claimed the life of a Dundas man.

Jamie McCaughey, 20, died after he lost control of his Saturn on the wet and slippery road at 7:30 a.m., Halton Regional Police said.

The eastbound car went into the south ditch, rolled

over several times and struck a tree before coming to a rest in a field, said Halton police spokesman Sgt. Frank Phillips.

The driver was pronounced dead at the scene.

The Halton police public safety unit is investigating the accident.

No school closing without approval

By TIM WHITNELL
Special to The Champion

Halton public schools will not be allowed to close early in non-emergency situations unless they get prior approval from the board of education.

At last week's meeting, trustees sanctioned a policy whereby board superintendents would need board approval to dismiss students early from school.

Burlington Trustee Sheila Flook

put forth the motion, saying a high school in Burlington had closed early, mainly for non-emergency reasons, on six separate occasions going back to the 1994-95 school year.

Ms Flook — who did not want to name the school at the request of parents who brought the issue to her attention — told the board the half-dozen closures amounted to a day-and-a-half of lost instruction.

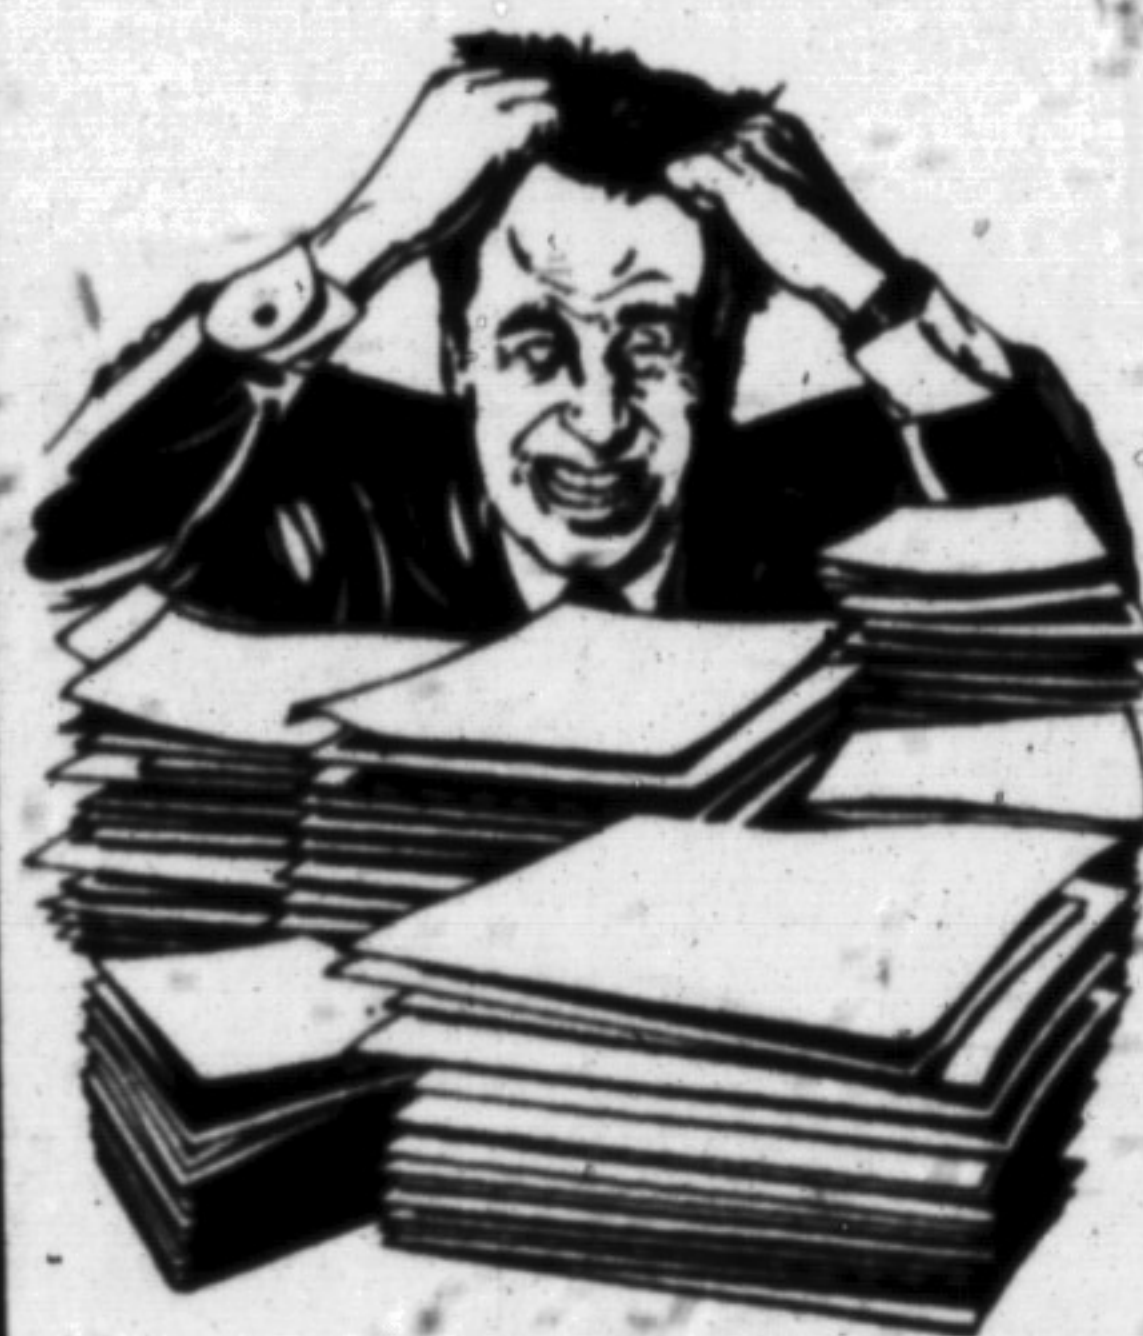

She said various reasons were given for the early dismissals,

including accommodating staff meetings, report card processing, training of staff and an electrical problem.

Ms Flook said, in addition to the Burlington school, one high school in each of Milton, Oakville and Halton Hills had closed early once during the current year. She added there are currently two schools in Oakville which have submitted requests to close early.
