### The Canadian Champion

As one of Milton's oldest companies The Champion would like to thank you for supporting the businesses that support our community newspaper.

By choosing to shop local businesses, you are investing not only in goods and services, but in the future of our town.

Local businesses support the arts, minor sports & charities and provide valuable tax dollars that enable all of Milton's residents to enjoy a rich social environment.

The recent outpouring of generosity for the Deidre Scholtz Fund stands as testimony to the rewards of shopping within this community. The support shown by the many local businesses began when you elected to spend your shopping dollars in Milton.

We encourage everyone to think of the many positive effects of shopping locally - next time you make a decision where to buy - think Milton first.

Sincerely,

*Ian Oliver*
