

# Home approved for chronically ill kids

Town council gave the go-ahead last week to the Cedarbrook Society to operate a non-profit respite centre for chronically ill children.

The centre will be located on almost 78 acres on 15 Side Road near Halton Hills, in a 9,000 square foot house currently owned by the Basilian Fathers of Toronto. It is nestled in a wooded area about 800 feet off the road.

Children would stay at the house for as much as two weeks to give their family members a break from ongoing care.

## Economic Development

According to Milton business

## Council Briefs

development officer Robert Smith, the Ontario Renaissance Festival is hard at work preparing for their inaugural season, beginning in July.

In addition, Henervale Stables in southern Milton will construct a high-level facility to host world-class events on the equestrian circuit. In August the multi-million dollar facility will host elite riders from across North America competing for \$300,000.

Mr. Smith also told council about a seminar which addressed the

marketing advantages of locating near a major international airport. Mr. Smith said that with Pearson on one side and Hamilton Airport on the other, Milton is in an enviable position to benefit from these marketing strategies.

## Quarry hearing

A preliminary hearing will be held Tuesday, Oct. 22 at 10 a.m. at the Acton branch of the Royal Canadian Legion regarding a proposal by Reclamation Systems Inc. (RSI) to establish a solid waste disposal site in the Acton Quarry. RSI is based in Milton.

The quarry is presently owned by United Aggregates.
