

Outta sight

Constable Mark Bingham holds some of eyeglasses dropped off at the Milton police station for those in need. The Gift of Sight program, sponsored by the Lions Club and Lenscrafters, collects glasses for use in developing countries.

The Preferred Tax Strategy

The 1995 tax season has just finished. Don't wait until the last minute to do your tax planning for next year.

At THE Financial Planning Group we can show you how to grow your savings and investments tax-free, using our Preferred Tax Strategy or PTS.

For example, when you buy a GIC or a mutual fund you pay tax on the growth of your money. With PTS you never have to pay tax on the growth of your money and you can select from a number of different investments. You can choose from GICs and more than 17 different funds.

Last year one fund had a 34% rate of return. PTS also allows you to diversity between different funds. These include an Asian Fund, European Fund, US Equity Fund and a World Bond Fund.

Unlike your RRSP, you are not restricted to 20% foreign content. You can place up to 100% of your investment offshore.

The nice thing about the PTS is that you control your investments. You can move between funds and adjust your investment strategy without incurring a tax penalty.
