Off-track betting - off and running in Downtown Milton.

Milton residents need look no further than their own downtown to experience the exhilaration of horse racing.

The Crop and Saddle, an off-track betting bar located below the Waltzing Weasel on Main Street is having its grand opening this Saturday, July 27th.

Colourfully decorated with jockey's jerseys and racing memorabilia, the Crop and Saddle is equipped with a state-of-the-art wagering system. Television monitors broadcast races from tracks throughout Canada and the United States in a live simul-cast fed through the Ontario Jockey Club. Other monitors, like those at a race track, display the odds while computerized machines take the bets.

"It's just like if you were at the track," says manager Malcolm Jack, "only you're in a tele-theatre watching t.v."

Convenience is a definite factor. After a race, customers can cash in their tickets and collect their winnings right in the Crop and Saddle.

"It makes for a lot of fun and excitement," he says. "Lots of people like to play the horses. Now they can come here and enjoy it and it's convenient. They don't have to go all the way to Woodbine (raceways)."

The grand opening celebrations will be as exciting as the races themselves offering a few extra chances to win. Door prizes, discount coupons, free food and drinks plus draws for trips to the real races will be given away.

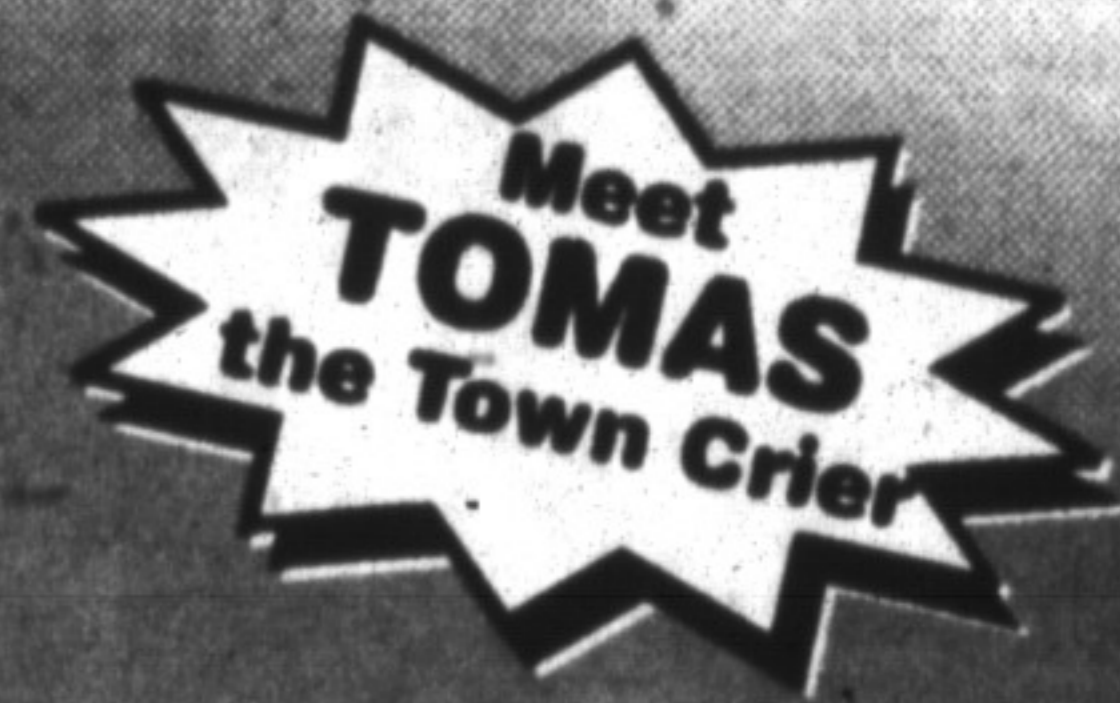

Special guests from the Ontario Jockey Club will also be on hand.

The Crop and Saddle will be off and running seven days a week.

Could your teen write an ad like this?

"This letter is to express my thanks. The course I took at the Barrie location 2 years ago saved my life. I avoided a head-on collision because I was taught the "Head-on Collision avoidance" technique. The police stated that without this driving skill I would have been killed or injured. I feel the greatest thanks should go to my instructor Andy, as

it was his voice I heard in my head, telling me to use "Head-on avoidance"! I feel that this course should be law for all new drivers. The life they may save could be their own!"

Jillian Begg,
Young Drivers Graduate
