

# DISCOVER Campbellville

The Campbellville area within the Town of Milton extends north and south of Highway 401 at Guelph Line and encompasses the historic township of Nassagaweya and the hamlets of Brookville, Moffat and Campbellville.

Campbellville is the largest of the three hamlets and owes much of its appeal to its air of an early 20th century crossroads community. Over half of the buildings date from the 1800's. Add to this the attractive site nestled in a wooded valley complete with stream and millpond and you will understand why it draws so many visitors.
