"This letter is to express my thanks. The course I took at the Barrie location 2 years ago saved my life. I avoided a head-on collision because I was taught the "Head-on Collision avoidance" technique. The police stated that without this driving skill I would have been killed or injured. I feel the greatest thanks should go to my instructor Andy, as it

was his voice I heard in my head, telling I feel that this course should be law may save could be their own!"
