funds for cancer research. Terry's Marathon of Hope took place in 1980 with the simple objective of raising Canada-wide awareness of the critical need to find a cure for cancer.

His fierce determination resulted in his running 26 miles every day for 143 days. However, before he reached his goal, he was overcome by the return of his cancer and died in June, 1981.

But by February 1, 1981, Terry's hope of raising \$1 from every Canadian had been realized. The Terry Fox Marathon of Hope fund totalled more than \$24 million.

To date, more than \$168 million has been raised at runs worldwide.

"I'm just thrilled to be a part of it," Ms Fitzpatrick said. "He was such a courageous young fellow. He's such a special person to me."

The Milton Terry Fox Run will be held at E.C. Drury High School from 10 a.m. to 3 p.m.

Ms Fitzpatrick will take part in the ribbon cutting to kick off the event followed by a warm-up from fitness instructor Doreen Clarke.

Participants, armed with sponsors, can travel the route around the Ontario Street complex in any style they desire — whether it be walking, jogging, cycling or rollerblading.

Organizers Craig and Kim Thomas said they hope 400 people will take part and raise \$27,500. Last year, 361 people brought in more than \$25,000.

# THE CORPORATION OF THE TOWN OF MILTON

878-7211

IN THE MATTER OF THE ONTARIO HERITAGE ACT, R.S.O. 1990, c.0.18 AND IN THE MATTER OF the lands and premises at the following municipal address in the Province of Ontario.

### NOTICE OF INTENTION TO DESIGNATE

TAKE NOTICE THAT the Council of the Corporation of the Town of Milton intends to designate the Rockwood Railway Station building at the following municipal address as a building of historical and architectural significance under Part IV of the Ontario Heritage Act, R.S.O. 1990, c.0. 18.

Municipal Address:

Guelph Line, Part of Lot 30, Concession 4,  
former Township of Nassagaweya,  
now in the Town of Milton, Regional municipality of Halton.

#### REASONS FOR THE PROPOSED DESIGNATION:

The Rockwood Railway Station is of both historical and architectural significance.

The primary reasons for its architectural significance is that it is a good surviving and representative example of a small railway station on the Grand Trunk Railway dating to the early part of this century (c. 1912). Its architectural style, floor plan, massing, proportions, windows, doorways and construction detailing and materials, are modest and simple, typical of such structures.

The station also has historical significance to the village of Rockwood, having served as the GTR station in the village for almost 60 years. It was a familiar landmark in the village and served as the focal point for rail passengers (including students to the Rockwood Academy) and the shipment of everything from the mail to retail goods to industrial and agricultural produce.

ANY PERSON MAY, within thirty (30) days of the first publication of this notice, send by registered mail or deliver to the Clerk of the Corporation of the Town of Milton, notice of his or her objection to the proposed designation together with a statement of the reasons for the objection and all relevant facts. If such a Notice of Objection is received, the Council of the Corporation of the Town of Milton shall refer the matter to the Conservation Review Board for a hearing.

Dated at Milton Ontario  
this 28th day of August, 1996
