**THE AUTO EXPERTS**

**HIGH TECH AUTO SPECIALISTS**

As its name implies, Avanti Auto Tech's strength is computerized diagnostics in high tech automotive repair. The full service shop's equipment can handle both imported and domestic vehicles.

Avanti could also add the word "complete" to its name, to describe the wide range of automotive services from exhaust systems to brakes and tune-ups to gas tanks.

Keeping pace with advances in the industry, Avanti Auto Tech can service the latest in ozone friendly air conditioning.

There's a large stock on hand and ordered parts usually arrive the next day. Avanti owner Raz Arcaro buys directly from the warehouse and passes the savings on to customers.

"We skip the middleman so we can offer very competitive prices," Raz explains.

His shop is CAA approved and CAA members receive a five per cent discount.

Business hours are convenient for commuters who return to town late in the evening. Avanti is open from 8 am to 9 pm every Tuesday and until 6 pm Monday, Wednesday, Thursday and Friday. A customer shuttle service is available locally.

Avanti Auto Tech has been serving Milton motorists for seven years. The friendly and professional staff have over 30 years of automotive experience and look forward to serving you.
