PURPOSEFUL design

Considering the Aptiva S Series blueprint is your home, it comes as no surprise that it commands attention on your desk and gives you space in your life.

- Sleek Charcoal gray exterior
- A split-system design enables optimal space planning. The mini tower can be stored up to six feet away so it's always out of sight, but never out of mind.
- The media console offers effortless access to diskette and CD-ROM drives when in use and clever keyboard storage when idle.
- The distinctive monitor stand cradles the media console and keyboard.
- The cordless mouse fits in the palm of either hand so you may work as you please (select models).

Aptiva™ S SERIES

EASY internet

- 180 Hours or 180 Days on the Internet
Get connected to the Internet through the IBM Global Network at no additional charge.
- Internet Connection Phone
Talk over the Internet to others with the same software.

ENHANCED multimedia

- Aptiva S Series powerful multimedia delivers full-screen action, blazing graphics and front-row centre sound. The result? Realistic audio and video for maximum impact in any application!
- Total Image 3D™
Provides high resolution, flowing graphics and razor-sharp detail. With texture mapping, smooth shading and other special effects, you're ready for the new world of 3D.
- Total Image Video™
Brings your Aptiva alive with remarkably sharp, full-screen action.
- TheatreSound™
Takes available CD-quality audio one step further with 3D QSound™, matched only by home audio systems.
- Top-notch Multimedia Monitors
Sharp, Clear, 24"p multimedia monitors feature integrated microphone and stereo speakers. Our PictureMate Video Enhancer provides crisp MPEG-1 playback.
 - Sight: Our monitors feature true images, squeeze the most out of your multimedia.
 - Sound: Amplified speakers with waveable audio produce crystal clear music.

TOTAL communication

- Ring Central software
Full Duplex integrated speakerphone, telephone answering system with remote messaging support, e-mail, fax and caller ID (where available).
- 28.8Kbps data (33.6 enabled) 14.4Kbps fax modem
The latest and greatest in communications - your ramp onto the information superhighway for online services, telegaming, web surfing and more.
- Wake Up On Ring
Put Aptiva in standby mode and have it automatically wake up to take a phone call or receive a fax when you're not there.
