Could your teen write an ad like this?

"This letter is to express my thanks. The course I took at the Barrie location 2 years ago saved my life. I avoided a head-on collision because I was taught the "Head-on Collision avoidance" technique. The police stated that without this driving skill I would have been killed or injured. I feel the greatest thanks should go to my instructor Andy, as

it was his voice I heard in my head, telling me to use "Head-on avoidance"! I feel that this course should be law for all new drivers. The life they may save could be their own!"
