USE YOUR CASTLE CREDIT CARD ON ALL PURCHASES OVER \$250.00 AND DON'T PAY FOR SIX MONTHS

TO: Our Customers Present and Past, Our Associates and All of Our Friends in Milton and surrounding area ...

When my Dad and I opened the doors of Copeland Lumber for business on September 9, 1960 we did so with a lot of faith in the future of Milton whose population at that time numbered about 4,900.

Milton, even in that era, seemed to us to offer considerable potential. Its strategic location on two major highways (although, at the time Hwy. 401 dead-ended just past the Highway 25 overpass), and being not too far from the ever-expanding westward sprawl of Metro Toronto, boded well for future development.

We were not disappointed in our choice of location for our new venture. Milton has been extremely good to us! Obviously, judging by the way we have built our enterprise over the years, it has been a good place to do business. This has been very rewarding. Just as important though, from a personal perspective, Milton has provided a great environment in which to settle down and raise our family and a place like no other in which to become involved in the community which we proudly call home!

— Now, after almost 37 years of growing and managing our business, it's time for a change; time for some fresh input into our enterprise and time for my retirement.

In this matter, I am happy to announce that early in January, Cashway Building Centres will be taking over the ownership of our business. Soon you will see a new sign over the door and a couple of new, friendly faces behind the counter. You will also see many of the old familiar faces you have been accustomed to, ready to assist you as always with your needs and requirements.

To all of you who have been so generous with your patronage at our store over the years, some dating back to our fledgling years of the early sixties, my heartfelt THANK YOU for all your support. You've been just great!

Sincerely,

Chuck Copeland

P.S. I'll be "Hanging Out" for a couple of months in my upstairs office in order to wind down a bit — also, Jane and I fully intend to keep calling Milton our home!
