The Co-operative Education program has been a successful learning experience for the students at Bishop P.F. Reding Secondary School. We strongly believe that when education and industry work together the result can only create a "WIN WIN" situation.

THESE STUDENTS ALSO TOOK PART IN THE CO-OP PROGRAM

The student's experience at the workplace is the main focus of the program component. By analyzing and reflecting on this experience, the student learns how to integrate and give meaning to his or her own life. We hope to foster positive attitudes towards school and work, a willingness to learn and take responsibility, and interpersonal skills.

We would like to take this opportunity to express our sincere thanks for the time invested in the training and development of Bishop Reding's co-op students. Without the assistance of the following employers, the opportunity to gain practical experience in a work place environment would not be a reality within our education system:

- Karmax Heavy Stamping
- St. Peter's School
- Halton Regional Police Force
- Allendale
- Northern Reflections
- Bahr Saddlery
- Knuckles Sport Shop
- Kelsey's
- Milton Complete Automotive
- R.C.M.P.
- Georgetown Marketplace Health Centre
- Our Lady of Victory School

- Halton School of Equitation
- Taglieri Woodworking
- Joe's Auto Sales and Service
- Roos Travel
