

Chronic disease film on Cable 4

The lives of two couples who are coping with chronic disease will be the focus of a half-hour feature film Thursday evening. Halton Cable 4 will air the program in cooperation with the north Halton branch of the Multiple Sclerosis Society of Canada. The film to be shown at 7 p.m. Thurs. Oct. 11 documents how these couples deal with the chronic disease.

One of both couples suffer from a chronic disease, the husband has M.S. The wife in the other featured family suffers from M.S. as well. The chronic illness is a degenerative disease of the nervous system.

The Georgetown unit of the national society serves Milton and Acton as well and meets the third Tuesday of the month. Supporters will be raising funds in the near future through the sale of Christmas cake in the Georgetown area.

For more information about the Multiple Sclerosis Society and local activities call 877-7744.
