# Escarpment meeting

The Halton Escarpment Heritage Association wants a public meeting to tell Milton-Acton residents the effects of changes in sand and gravel policy on their lands. In a special-delivery letter to Ontario Housing Minister Claude Bennett and Natural Resources Minister Allan Pope, the association states it is "very strongly opposed" to policies being proposed for the location and ways gravel, sand, and other materials would be extracted from the ground. The letter has been accompanied by a

petition bearing more than 400 names. "It is our understanding that the passing of this proposal will result in an unfair and unnecessary encumbrance on the title of every property which will be affected by this shift in land use. "We, therefore, find it necessary to request that all future proceedings are adjourned until a public meeting in Acton is called. "There are many affected landowners who are unaware of this revised proposed policy.
