

Support from son

Hayden Box, 9, has been collecting pennies and bottles on behalf of the Canadian Cancer Society as a way of helping his father Mike, who's currently battling cancer. Here, father and son show just a small portion of the cases and cases of bottles collected, and a handful of the rolled pennies collected, in their garage. A benefit concert for Mike was held earlier this month.

Sheila and Stan already have a lot to say about celebrating life at Birkdale!

First of all, it was the wonderful friendliness that struck us, and so we decided to choose a suite and move in.

We've been happy we made the choice!

The variety of social activities has been more than we anticipated and is simply beyond all expectations.

The food is so good you'd think we might gain weight, but actually it's a far more balanced and nutritious diet than we've been eating.

We're just very, very happy - should have moved here a year ago!
