

Christmas show opens this weekend

If you're looking to get a head start on the holiday season, you're in luck this weekend.

The Hamilton Christmas Show will return to Hamilton's Careport Centre tomorrow (Friday) through Sunday.

The show will feature more than 100 exhibitors showcasing unique gift ideas for everyone on your Christmas list and dishes out holiday recipe ideas and food and drink samples.

Other show highlights this year will include photos with Santa and live holiday entertainment from the Soenen Sisters and The Baker Street Victorian Carolers.

Tickets cost \$5. New winter hats and/or pairs of mittens are being collected for charity in partnership with the Rotary Club of Stoney Creek. For more show information, visit www.thechristmasshow.ca.

Change starts here.

Milton, together we can make a difference

Together, we share the responsibility—
together, we can help by:

- making a one-time or monthly donation
- donating a corporate gift or hosting an employee campaign
- designating our payroll deductions to United Way Milton, so our contributions support local programs
- initiating a fund raising event at our work

Your donations stay in Milton to support local residents.

St. John Ambulance

Gail and her trained therapy dog Coco, visit isolated seniors and children with special needs bringing them joy. One of 28 local social service agencies proudly funded by United Way Milton.

NOTICE OF PUBLIC INFORMATION CENTRE #2

Halton Region Active Transportation Master Plan Study PR-2875A

Study

Halton Region has initiated an Active Transportation Master Plan to the year 2031 to develop the required strategy, infrastructure, initiatives and programs to promote non-motorized travel throughout the Region, as recommended in the Region's Transportation Master Plan (2031) – The Road to Change. The Region's objective is to create an Active Transportation Master Plan that is safe, affordable and sustainable.

Active transportation is any form of human-powered transportation, which includes walking, cycling, roller-blading and movements with mobility devices. An Active Transportation network includes sidewalks, multi-use paths, crosswalks, on-road cycling facilities, as well as recreational trails.

Process

The Active Transportation Master Plan is a study which defines existing problems/opportunities, considers and evaluates solutions, and will identify cycling and walking networks to the year 2031. A key outcome of the study is a list of active transportation projects that the Region can incorporate in its 20-year Roads Capital Program. This study is being conducted in accordance with the Municipal Class Environmental Assessment (EA) process (October 2000, as amended in 2007 and 2011).

The first round of Public Information Centres were held in June 2012 to present the study background, vision, guiding principles and problems/opportunities. Thereafter, a preferred active transportation strategy was determined taking into consideration comments that were received from the Local Municipalities, regulatory agencies and the public. A second round of Public Information Centres has been arranged to review and receive comments from the public on the proposed active transportation (cycling and walking) networks and supporting recommendations.

Public Information Centre Locations

Date	Time	Location
Tuesday, November 19, 2013	Drop-in: 6:30 p.m. - 8:30 p.m.	Milton Centre for the Arts (MinMaxx Hall) 1010 Main Street East, Milton, ON

Halton's 4th annual Real Estate Forum reinforces that Halton is an economic hotspot

Last year was a record setting year for industrial, commercial and institutional (ICI) development in Halton, with ICI development surpassing over \$1.2 billion in building permit value. On October 29, I joined industrial and commercial developers and real estate brokers from the Greater Toronto Area, along with Regional and Local Councillors at the Halton Real Estate Forum in Burlington. A key message voiced by Forum speakers was that with its ecosystem of leading companies and exceptional quality of life, Halton is indeed a location of choice – one of the best communities in which to live and work. Learn more at www.halton.ca/ref2013.
