Hospital staff excellent

Dear Editor:

My daughter was at public skating at Milton Memorial Arena enjoying the last day of March Break.

Unfortunately, she was knocked over, and she fractured her clavicle (which we didn't know at the time). She was in a lot of pain later in the evening, so I took her to the Milton District Hospital emergency department.

That's my reason for writing. I just wanted to say thank you to the staff in emergency.

Too often we hear complaints about wait times and poor hospital experiences. We were in and out of emergency in less than two hours on a very busy Friday night, and the staff were pleasant, helpful and genuinely caring.

In particular, a nurse helped my very upset daughter to understand and cope with what's now a huge change in her activities-of-daily-living routine. The nurse also took the time to show us the x-rays when I asked, and explained them to my daughter.

Thank you to all the staff in emergency for continuing to smile through very busy times. It's a little thing, but it's very comforting to people experiencing pain.
