Doorto-door transit pilot project shows

NEWS

By Rachael Williams CANADIAN CHAMPION STAFF

It's been over a month since the launch of a transit pilot project that offers door-to-door service to and from the Milton GO station and so far, ridership is on the rise, said the Town's transit co-ordinator, Tony D'Alessandro.

Launched on May 4, RideCo, an online app that allows users to schedule a ride to and from their homes to the GO station, has seen an increase of 10 per cent per week, with 30 to 40 people using the service every day.

"So far, it's right on track with what we expected," said D'Alessandro. The project — a combined effort

between the Town, Metrolinx and RideCo — was designed to be a cost-effective way to alleviate congestion in the GO station parking lot. According to Metrolinx communications
