A dryer was destroyed by fire at a Commercial Street home Tuesday afternoon. Justin Greaves / Canadian Champion (Follow on Twitter @halton_photog)

Lint sparks dryer fire

Lint could be to blame for a dryer fire on Commercial Street Tuesday afternoon. Members of the Milton Fire Department were called to the townhouse unit for reports of a dryer fire just before 4 p.m. Crews managed to quickly extinguish the blaze in the basement of the Milton home. A damage estimate wasn't immediately available. However, the dryer is destroyed. According to the Ontario Association of Fire

Chiefs, lack of maintenance is the top cause of dryer fires. "That is why it is critical to clean the lint filter before and after each use, and wipe away any lint that has accumulated around the drum," said the association, which urged residents not to run their dryer without a lint filter. The association also encourages residents not to leave their dryer running if they are not home in case the appliance malfunctions.
