Milton Transit changes, rural pilot ready to roll

Several changes to Milton Transit routes and schedules will be rolled out next week, including a Campbellville transit pilot program.

Starting Monday (April 3), the rural pilot will provide fixed route service to Campbellville on weekdays and Saturdays, with evening drop-off service on Friday and Saturday nights and supplementary service on Sundays.

The new route 62 will connect to three weekday morning and afternoon GO trains and other Milton Transit routes at the Milton GO station.

Transit ticket agents in the rural area include Cristello's Village Market, Mohawk Racetrack (gift shop) and the Mohawk Inn.

Milton's Willmott and Ford neighbourhoods

will be serviced by the new route 9 Ontario South, via Ontario Street and Regional Road 25 to Britannia Road.

An industrial transit route is set to start April 8, offering service on Saturdays to the 401 Business Park at High Point Drive, which will connect transit customers to employment areas as well as GO Transit and other Milton Transit routes.

More midday, weekday trips have been added on the 4 Thompson/Clark route and further route adjustments will be made for the 5 Yates, 7 Harrison and 8 Willmott routes to improve schedule reliability.
