

you will etc to us, with all your hills, swamps, lakes, meadows, as it has been found by experience, that those down colors are liable to fade. You will show on your plan and field notes the intersection of the concession and side lines of the adjoining Townships with the outlines of your Township.

In the field notes of your North Boundary, you will enter the distances continuously up to Eighty Chained or to whatever you find to be the distance from your North East angle to the side line two and three. Commencing afresh at this point up to the next side line run by you. Remembering of course, that no post, is to be planted, or marked by you at the intervening lots, viz, one and two, three and four. All on the North Boundary, as the posts planted on the front of your North Concession will govern.

You will read over your Instructions, written and printed, carefully, and if you are in doubt about anything will apply to the Department for information.

You will be allowed at the rate of seven cents per acre, on the total area of the Township, to cover all expenses connected therewith, including Return, provided that after an examination on the ground your Survey be found satisfactory, and that your Return are correct.

An Advance of four hundred dollars, will be allowed on account of this Survey, on your furnishing approved Security in accordance with the enclosed Bond, which you will fill up and return to this office.

I have the honor to be
Sir,

Your Obedient Servant
(Sd) J. B. Pardee

Commissioner of Comm. Lands

W. O. Johnson Esq
Commercial Land Surveyor
Whitely
out.
