

EARLY PHOTOGRAPHS TAKEN IN KIPLING AFTER 1893

Note: The charred stumps that were left behind from the fires that swept through Hugel Township in the 1800's. Unknown where taken or who the pioneers are in the photo. Johnnie Westine had the first car in Kipling?

early days kipling.jpg

Early photograph and it too shows the barren landscape. Note the big fish caught in Deer Lake. It could be the Selin/Salin family but not sure.

A snapshot from the Johnson (Store) records looking out from the Church. Edmund and Jean Johnson's picture. These 3 pictures are about the only early ones showing the Hugel area after the pioneers came in 1893.
