

CEO ages 15-17

You love camp but you're ready for something more: Challenge, Experience and Opportunity! The CEO Program is a **four-week leadership camp** that goes way beyond arts and athletics.

As a CEO you'll be immersed in a custom camp program designed to help you flourish as an individual and a leader. Led by two dedicated CEO Leaders who are trained to identify your strengths and develop your skills, you'll make lasting friendships as you grow in confidence.

While you're at it, you'll have plenty of fun—whether you're experiencing nature close-up on a four-day out trip, connecting around a campfire, teetering on the high ropes course, or having a rocking good time at activities designed just for you.

CEOs get exclusive access to the brand new state of the art Muskoka Woods Leadership Studio. You'll take part in experiential workshops designed to improve teamwork and help you grow into your leadership potential. Through group and personal development activities, and by assisting Muskoka Woods staff at a skill of your choice you'll find all the tools you need to be the CEO of your own life. You'll also get a full grade 11 credit (GPP-30 Leadership & Peer Support) and make friendships that last a lifetime.

Space is limited! Applications are due February 14th. To apply visit:
